FADE IN ON A HIGH ANGLE TOP SHOT OF...

A RAW, UNCOOKED EGG LYING ON A FLAT SURFACE.

The round yolk stands proudly in the center of the transparent and gelatinous egg white.

A syringe needle enters the frame and slowly approaches the egg before planting itself in the middle of the yolk and very slowly injects a fluorescent yellow product inside of it.

After a moment, the egg begins to shake and move as if something were happening inside of it.

Little by little, a small growth begins to emerge on the side of the yolk... which grows bigger... and bigger... until it starts to form a second egg yolk which emerges out of the side of the first one... before finally detaching itself to become independent.

Both egg yolks now stand side by side.

The second yolk is rounder, shinier, fleshier.

In other words: more perfect.

Long beat on both egg yolks which stand side by side.

BLACK

The sounds of jackhammers, traffic jams, jigsaws, coming from a construction site in the middle of the city...

We FADE IN on a STATIC TOP SHOT OF...

**1 EXT. WALK OF FAME SIDEWALK - DAY**

**1**

A SIDEWALK MADE UP OF LARGE GREY SLABS. Only one slab appears to be missing like a big gaping hole right in the middle of the pavement.

In the same static shot, WORKER'S HANDS appear within the frame and start to carefully set in place thin sticks of wood, nailing them to one another.

The linked sticks soon form a wooden frame shaped like a star which stands out in the muddy hole of the pavement.

Little by little, the hands start to place various different elements inside the star shaped frame: brass block letters which begin to form a name: E...L...I...Z...A...B...E...T...H... S...P...A...R...K...L...E Underneath, the small round crest containing the logo of a camera appears.

A pink marble slab slides into the golden edges of the wooden frame... sealing the pink star into the terrazzo pavement which we now understand to be the famous HOLLYWOOD WALK OF FAME.

Still in the same static shot with the star in the center of the frame, workers' hands come in and out making final tweaks, then remove the plastic protective film. A broom sweeps back and forth shining up the now finished star - in the middle of which the golden inscription proudly stands:

#### ELISABETH SPARKLE

After a moment, still in the same shot, a buzz of excitement from the crowd and camera flashes start to multiply as the feet of a YOUNG WOMAN enter the bottom of the frame. Wearing vertiginously high heels and with a conquering walk, she poses for the cameras before kneeling down and placing her hands underneath the star.

More flashes and voices trying to attract the attention of the lucky lady: "Elisabeth!" "Over here Elisabeth!" "Right here Elisabeth!" .

The flurry of feet around the high heels and the way they move tells a story of their own: flattery, fawning, happiness, recognition, ambition, success etc.

Then the young woman's feet and those of the crowd gradually disappear one by one, just like the camera flashes, which also grow rare and finally disappear, leaving the static frame empty and silent, with only the star and its name:

#### ELISABETH SPARKLE

After a long beat on the star and still in the same shot, a leaf flies across the screen, the wind brushing it past.

Then the feet of passersby which enter and exit the frame, walking across the star in a pace that quickens as the days go by and life carries on.

More and more feet enter and exit. A few marks and scratches appear on the star, the concrete aging little by little as time goes by, to the pace of more walking, more pedestrians, tourists, alternating rain and sun, changing fashions, pigeons landing on the ground, shopping carts being pulled over it in an uninterrupted flow of everyday foot traffic.

Some feet occasionally stop to look down at Elisabeth's star, then less and less, then almost none at all as we notice new stars appearing at the corners of the frame, which start drawing people's attention away.

Finally, the white sneakers of a tourist wearing shorts that walk lazily across the now worn and patinated star, clumsily dropping a round burger bun, which falls on the ground, smearing the star with a large ketchup stain.

The guy lowers his hand in a half-hearted attempt to clean up the stain with a greasy piece of burger paper, then with the big sole of his sneaker, thus leaving a large, disgusting red trail across the star. The feet walk out of the frame, helplessly, above all showing very little interest in cleaning the whole thing up.

The star remains in the center, now aged and stained with the red ketchup:

ELISABETH SPARKLE

Long beat over which we hear the aggressive and exhausting cacophony of traffic then, little by little, music is heard in the distance, stressed by the dynamic accents of a female voice growing louder and clearer:

Keep moving! That's great! YOU GOT IT!

Walk it back! Couple more! YOU GOT IT!

Again from the very top!

2 INT. TV STUDIO / SPARKLE YOUR LIFE SHOW - DAY 2

PAIRS OF FEET WITH FLUORESCENT DANCE LEGGINGS stomping the floor.

A BLINDING WHITE LIGHT.

A small blinking red dot indicates that this is being filmed and recorded.

We're inside a TV Studio, in the very middle of an aerobics class.

Lights full on and flashy-colored aerobic outfits.

Fluorescent leotards.

Muscles tightening under each step.

Ultra forced smiles.

Super happy music broadcasting ready-made happiness.

In the foreground of this fluorescent group, high on vitamins, ELISABETH SPARKLE, now close to fifty, leads the class, with a wide, bright smile.

Her ultra-sculpted body strictly primed against the smallest bit of flab or excess.

In the background, a large morning show title is visible:

SPARKLE YOUR LIFE

With Elisabeth

Keep moving! That's great! You got it!

All the pairs of fluorescent leggings beat up and down in rhythm like perfect soldiers and Elisabeth never stops smiling as if her bright smile were etched to her jaw while she motivates her audience with an energetic voice:

ELISABETH

I know it's hard! Walk it back!  
That's great, couple more ladies!  
Think about your bikini this  
summer! You don't want to look like  
a giant jellyfish on the beach, do  
you? So keep moving! Couple more...  
we're almost there... aaand...

The music ends on a final synchronized movement made by all the dancers.

ELISABETH

... give yourselves a hand! That  
was a GREAT workout!

The troupe applauds while Elisabeth faces the camera with a great big smile:

ELISABETH

I'll see you next week to work more  
on the lateral abs, those are the  
hardest to sculpt. In the  
meantime... Take care of yourself!

She blows a kiss to the camera.

The cameras stop rolling, and the soundstage lights fade.

Elisabeth's smile fades instantly as she relaxes her body.

She's covered in sweat. Out of breath.

Really out of breath. She winces briefly as she massages her knee.

An assistant brings her a towel and a bottle of water.

We follow her from behind...

**3 INT. BACKSTAGE HALLWAY - DAY**

**3**

...as she walks down the long backstage corridor of the tv station with an energetic stride.

EVERYONE she meets or bumps into wishes her a "Happy Birthday" with a broad smile. Elisabeth smiles back and cheerfully thanks them.

Walking down the corridor she passes by dozens of framed posters displaying her smiling face and shapely body from every season of the show:

**SPARKLE YOUR LIFE**

On the successive posters, Elisabeth displays the exact same bright smile but the colors and looks change as her physical appearance alters over time, the hairstyles becoming less and less frizzed and her face more and more photoshopped.

Elisabeth walks to the ladies room at the end of the corridor but it turns out to be closed for cleaning. She glances round to check she's alone and finally... walks into the men's room next door.

**TV STUDIO - MEN'S ROOM**

Nobody inside.

She leans over the sink, splashes water over her face, making the most of the moment to refresh herself after the physical effort.

She then enters one of the toilet stalls.

Static shot of the row of sinks in the empty men's room.

The neons cast a perfectly white and unchanging light.

Long, silent beat.

Soon to be broken by the sudden, loud arrival of A STOUT MIDDLE-AGED MAN, his ear glued to a cellphone, face red with anger:

MAN

I don't care if we have to see  
EVERY FUCKING YOUNG GIRL in town in  
the next couple of weeks. We need  
her YOUNG. We need her HOT. And we  
need her NOW.

This is HARVEY, the TV network director. Mid-50s, large belly and wearing a loose suit, he comes to stand right in front of the camera under which we guess is an out of frame urinal. His phone wedged between his ear and shoulder he continues his logorrhoea while unbuttoning his pants to take a piss:

HARVEY

I mean, how the old bitch has  
managed to stay this long in the  
first place is a fucking mystery!  
(the person at the other  
end of the line tries to  
say something but is  
immediately cut off)  
Oscar winner my ass! When was that?  
Back in the 30s for KING KONG?!  
(he "shakes" himself off)  
I don't give a fuck what we  
promised her! This is TV, not a  
charity! So find me somebody NEW.  
NOW.

He flushes the urinal and closes his fly.

HARVEY

Did you know that women's fertility  
starts to decrease from the age of  
25?

He leaves without washing his hands....

HARVEY

Yeah I know... (he chuckles)... How  
old is Elisa?

His voice drifts away as the bathroom door slowly closes with the automatic closing system.

HARVEY  
....Ha ha so hurry up!

His laughter trailing off in the distance until the room is completely silent again.

A beat on the empty room.

The white sinks.

The neon lights casting the unchanging light.

Then, the sound of a toilet flushing.

The door to one of the stalls finally opens slowly and Elisabeth walks out.

She remains still for a moment in the middle of the immaculate room, her reflection infinitely repeating in the mirrors in front and behind her.

Her fluorescent leggings now seem ridiculously out of place.

She walks very calmly towards a sink, washes her hands slowly and knowingly, her eyes focused on the water flowing out of the tap... then she stops the water in one swift gesture.

She looks up slowly...

A beat, alone, facing her reflection in the mirror...

The noise of plates and glasses that progressively grows louder...

FADE IN:

**4 INT. RESTAURANT - DAY**

**4**

Greasy fingers that rip the head off of a shrimp: SHLACK!

The thick sweaty nape of a man's neck, on which a fly sporadically lands. A pudgy hand tries to flick it away.

It's Harvey's hand. Facing camera, he is in the midst of another logorrheic monologue as he peels and shells the juicy shrimp before stuffing them into his mouth...slurp...in between two words...

HARVEY

...but it's like when you've got someone farting on screen... slurp... People LOVE that! I'd rather talk about RENOIR or GAUGUIN but slurp... that's how it is. C'est la vie... People are just... people. And I have to give people what they want. slurp... That's what keeps the shareholders happy. slurp... And let me tell you something: people always ask for something NEW. slurp... RENEWAL is inevitable. It's nature's way. You either RENEW or you disappear.

"RENEW" seems to explode out of his mouth in a splutter of shrimp.

He stares at a young waitress' ass, which seems to RENEW his appetite.

HARVEY

At 50, it stops. And that's not me saying so. That's biology.

We finally discover Elisabeth, facing him.

ELISABETH

What stops?

A beat.

HARVEY

What?

ELISABETH

What stops?

HARVEY

...? The... you know the... the...

Suddenly really uncomfortable, he makes a circular gesture with his hand...

Then he brushes it all aside with a sweeping gesture.

HARVEY

Anyway! Lots of wonderful things await you afterwards, you'll finally have time to enjoy your private life. Kids, they put a big smile on your face and you forget about everything else!

ELISABETH  
I don't have kids.

A tiny, empty beat in Harvey's dull eyes.

He jumps to his feet grabbing his phone, looking terribly busy, and calls out to a MAN (60) at the back of the room.

HARVEY  
GEORGE!  
(to Elisabeth)  
I've gotta run.

He walks away, hitting on the young waitress as he passes her by and opening his arms towards a man in his sixties at the back of the room, grandiloquent:

HARVEY  
GEORGE!! These ratings are insane!  
You're a fucking genius!

Elisabeth is left alone sitting at the table.

Inside the wine glass, which she's barely touched, the fly is drowning. It's wriggling all around desperately fighting to escape this sweet, liquid trap...

Elisabeth stares at the fly, which twitches as if having an epileptic fit, its movements growing slower... and slower... until finally it is completely immobilized.

Dead and disgusting.

**5 INT. CRAIG SILVER MANAGEMENT OFFICE - DAY**

**5**

A huge picture of Elisabeth with an ultra bright smile, praising the merits of a whitening toothpaste:

WITH TOOTHBRITE (check clearance)

YOU GOT IT!

The smile is swallowed up as a hand closes the magazine containing the ad.

CRAIG  
TOOTHBRITE is ending your  
ambassador's contract.

CRAIG SILVER, 40, sits behind a big desk, facing Elisabeth.

ELISABETH  
But we just renewed it a month ago!

CRAIG  
I know. But they are within their right to do so considering the "significant change in your public notoriety" with the end of your show...

Elisabeth, speechless, her eyes glistening with the tears she is trying to hold back.

ELISABETH  
So what's our next move? Maybe a reality show? Or I was thinking even a cooking show...or why not a...

She stops when she sees Craig, visibly ill at ease, wiggling about in his seat.

CRAIG  
Listen... I know this is not the best moment to tell you this but... we are forced to cut back on the number of clients we represent at the agency and...

...

ELISABETH  
"We"? Who is "we"?

CRAIG  
Well you know... CRAIG SILVER MANAGEMENT.

ELISABETH  
Sorry what's your name again?

CRAIG  
What?

ELISABETH  
What's your name?

CRAIG  
C'mon...Lizzie

ELISABETH  
What's your fucking name?

**6 EXT. AVENUE - DAY**

**6**

Elisabeth is at the wheel of her car.

We can almost hear the billion thoughts firing through her mind, knocking back and forth.

She's speeding along a road lined with palm trees.

The noise of the traffic seems to be getting louder and louder.

She drives past a big billboard flaunting her photo:

WITH TOOTHBRITE

YOU GOT IT!

She turns her head, trying to see the new billboard that two workers are putting up in her plac-

WHAM!!! A car hurtles right out of a crossroad and

SMASHES straight into her car. The window explode as the car spins violently, tires screeching against the asphalt.

**7 INT. HOSPITAL ROOM - DAY**

**7**

Elisabeth is in the ER.

She's sitting on the side of a bed wearing a disposable paper hospital gown tied up in the back, with her legs dangling in front of her. A slew of x-rays are on a backlit x-ray viewer.

A DOCTOR comes in accompanied by a YOUNG MALE NURSE.

DOCTOR  
Well it's your lucky day Ms.  
Sparkle! We've X-rayed you from  
head to toe and there's not even as  
much as a cracked molar. So you're  
good to go!

The young male nurse hands him a file. The nurse is wearing a surgical mask that only allows us to see his piercing eyes of an extreme azure blue.

He appears to be stunningly handsome.

Elisabeth is in her own distant and muted bubble while the doctor goes over her file, checking everything for the last time and signing off on the paperwork.

DOCTOR

...vaccinations...ok... not currently on any medication... By the way my wife is a huge fan... blood type... date of birth... oh, it's your birthday happy birthd-

He doesn't have time to finish- Elisabeth bursts into tears.

Long beat on Elisabeth, hunched over and shaken by hiccups as she sobs.

ELISABETH

(muttering to herself)

It's over...

The doctor looks at her, uncomfortable.

ELISABETH

It's all over...

A long awkward beat.

Beep beep - the doctor glances at his beeper clipped to his belt.

DOCTOR

(relieved for the excuse  
to get away)

An emergency, I have to run. Have a good... euh ...bye.

He leaves. Elisabeth remains sitting on the examination table.

After a long moment, she wipes the tears from her face and is about to stand u-

MALE NURSE (O.S.)

One moment.

She turns around, surprised to see that the nurse is still there. His striking, piercing blue eyes looking out from behind his mask.

MALE NURSE

There's just one last exam to perform.

ELISABETH  
Oh? Didn't he say I was good to g-

He separates the open flaps of her paper hospital gown and places his stethoscope on her back.

While he moves the stethoscope around her back, we notice that he has a small strawberry birthmark on his forearm.

We hear noises coming from inside her body, amplified by the instrument: Boom boom... boom boom...boom boom....

His hands start to palpate along her backbone, the fingers of his latex gloves following the length of the prominent vertebrae, stopping and palpating each vertebra with great attention, as if his probing fingers were measuring the resistance of her spinal column.

Elisabeth is taken aback by this unusual exam...

ELISABETH  
Is there a problem...?

MALE NURSE  
(still focusing on her spine)  
No it's perfect, you're a good candidate.  
(catching himself)  
I'm mean, you're good to go.

He goes to the coat rack to take her coat- the coat rack sways and falls to the floor. Oops, sorry let me get that... he rummages among the coats and finally picks up her yellow coat which he places on her lap.

MALE NURSE  
Have a good day. I wish you the best.

He leaves and Elisabeth is left there, in silence.

Confused by what just happened.

Just the noise of the swinging doors Thump-clomp, thump-clomp, which finally come to a stop.

Elisabeth walks out of the hospital. A beat to breathe in the fresh air.

An ear-splitting chorus of car horns and traffic.

She puts her hands in her coat pockets as if to comfort herself.

She frowns, feeling something inside her pocket.

She takes her hand out, holding... a folded paper packet with something inside. She unfolds it and finds a USB stick, which she is manifestly discovering for the very first time.

Written down on the back of the stick:

THE SUBSTANCE

Scribbled on the crumpled piece of paper: "It changed my life."

She takes a moment to look at the USB stick amidst the racket caused by the traffic...

MAN'S VOICE (O.S.)  
...Lizzie??... Lizzie Sparkle??

She looks up: A RATHER UNPREPOSSESSING-LOOKING MAN in his fifties, with just a crown of hair left on his balding head, is looking at her with a wide smile on his face as he adjusts his glasses on his nose.

MAN  
OMG I can't believe it!

An embarrassed silence, she visibly doesn't recognize him.

MAN  
...Fred from 10th grade homeroom!

...

She widens her eyes, making us understand that time has not been kind to him...

ELISABETH  
...Oh.... Fred...of course...

He passes his hand over his bald head.

FRED  
Yeah... baldness runs in the family  
- no escaping it.

ELISABETH  
Oh no, that's not what I mea...

FRED

You, however, haven't changed!  
You're still the most beautiful  
girl in the whole wide world! I've  
followed your career, what a  
success! Wow wow WOW!

She smiles without letting anything show.

FRED

And the funny thing is my mom used  
to buy your toothpaste. So every  
time I went home for Christmas, I  
would think about you when I  
brushed my teeth.

ELISABETH

Oh, that's...

FRED

She's dead now.

...creepy.

A taxi pulls up in front of them.

FRED

Oh that's for me. Hey! Why don't we  
go out for a drink some time now  
that we've "reconnected"?!?

ELISABETH

Oh uh... I'm kind of...

FRED

Oh, I'm stupid... of course you're  
super busy...

ELISABETH

(being polite)

But why don't you give me your  
card... you never know!

FRED

Oh! I'm not a "card" type of guy  
but...

He rummages through his pockets and takes out a pen and some  
sheets of paper with what are visibly medical test results.

FRED

What do we have here... ok this  
will do.

(he scribbles on one of  
the sheets)

Please don't look at my cholesterol  
levels, they're a disaster...

He rips off the end of the paper with his number written on it... and it flies off and lands in a puddle of mirky water.

FRED

Oh God...

(clumsily picking it up  
and wiping it)

Programmer's hands... Aren't much  
good away from the keyboard!

The taxi honks. He slaps the paper into Elisabeth's hand.

FRED

Now you've got it!

He chuckles, proud of his joke and jumps into the taxi as he mimes the telephoning gesture: "call me!"

**9 INT. ELISABETH'S APARTMENT / LIVING ROOM - END OF AFTERNOON 9**

Elisabeth is standing in front of an oversized picture window with a magnificent view of the city in a spacious, elegantly decorated living room.

Hanging on the wall opposite the window is a huge full-length framed poster of her. She's sporting a sexy pose in a blue leotard with a big conquering smile on her face.

A bouquet of flowers still wrapped in plastic sits on the table. On the small card attached we read: "Thank you for all these years with us. You were amazing!". The word "were" seems to stand out like a punch in the face.

Elisabeth plugs the USB stick into her television screen and sits on the couch.

**AN ENTIRELY BLACK SCREEN**

After a moment, a MALE VOICE : it is deep and slow.  
Underneath a very slight, almost inaudible crackling sound.

Have you ever dreamt of a better version of yourself?

The screen remains completely black as the voice continues:

We are merely the expression of a genetic code that freezes at a precise moment.

But your DNA conceals billions of other possibilities.

Inside of you, there is another you. Or should I say, billions of other "yous." One single injection unlocks your DNA, starting a new cellular division, that will release another version of yourself. Younger. More beautiful. More perfect. This is... The title appears full screen at the same time as the voice pronounces:

THE SUBSTANCE

A long silent beat over the title. It then disappears. Silent beat on the BLACK screen. And at long last, an image... A yellow ball (like blu tack) upon a white surface (high angle top shot like in a lab demonstration). You are the matrix. The ball is slightly dented and irregular. Two male hands enter the frame and start slowly pulling on a section of the blu tack ball. Everything comes from YOU. The hand pulls... and pulls... until the piece detaches itself from the original ball. And everything IS you. THE HAND ROLLS THE NEW PIECE TO FORM A PERFECTLY ROUNDED SECOND BALL WHICH NOW SITS NEXT TO THE ORIGINAL, THAT IN CONTRAST SEEMS ALL THE MORE IMPERFECT. This is simply... a better version of yourself. Each hand presents one ball on its open palm: You just have to share. The left hand closes over the left ball making it disappear. One week for one.

Before re-opening while closing the other hand.

And one week for the other.

Both hands re-open. Silent beat on the two small balls side by side.

A perfect balance of 7 days each.

The one and only thing not to forget...

YOU ARE ONE

BACK TO THE TWO BALLS.

YOU CAN'T ESCAPE FROM YOURSELF

The two hands slam the two balls together-SMACK!

THE VIDEO ENDS.

Elisabeth remains still for a moment, watching the screen in silence.

She then removes the USB stick, heads into the kitchen... and throws it into the trash can.

A muffled, distorted noise as if we were underwater...

10 INT. COCKTAIL LOUNGE BAR - NIGHT

10

EXTREME CLOSE UP SHOT OF AN OLIVE FLOATING inside a transparent liquid.

The olive is suddenly pierced by a wooden toothpick in a muffled, distorted sound, like a heart pierced by a sword, pieces of its slashed flesh floating in the liquid.

Back to a medium shot which shows the olive swimming inside a Martini glass... Which Elisabeth brings to her lips... and empties in one gulp... before putting the empty glass down... next to the two others on the bar counter in front of her.

In a wide shot we discover that she is sitting at a bar, a cosy speak-easy type cocktail lounge.

The mood is dark and classy, blanketed with black-velvet surfaces and jazz music.

She glances around, looking at the different couples hidden in the alcoves on dark couches...

It's late.

She's alone.

She signals the barman to serve her another drink.

**11 INT. APARTMENT / LIVING ROOM - NIGHT**

**11**

THE BIG FRAMED PHOTO OF ELISABETH SMILING in the living room plunged in darkness.

The sound of somebody throwing up.

On the table, the roses are now wilted, asphyxiated in their plastic prison.

**12 INT. BATHROOM - NIGHT**

**12**

From the dark long corridor, we can see Elisabeth kneeling over the toilet.

She stands up and goes to the sink. Splashes water on her face, then carelessly wipes it with a towel making her makeup run; she stares for a moment at her reflection in the mirror.

The black lines of mascara running down her cheeks make her look even more like a sad clown.

**13 INT. LIVING ROOM - NIGHT**

**13**

Elisabeth stands in front of the big picture window. She stays there looking at the city lights.

The lights continue to shine. The world continues to spin.

Without her.

Her eyes dart back and forth between different objects and keepsakes lined up on the edge of the window sill. An Oscar has pride of place among the other statues and awards, framed photos and souvenirs where we see her smiling surrounded by various people.

She picks up a snow globe with a small figurine version of herself inside. The tiny figurine stands on a small pink star, a replica of the Hollywood Walk of Fame.

She shakes the globe: golden confetti floats around inside the liquid, creating a magical golden rain around Elisabeth's figurine replica.

A suspended moment on the sparkling confetti lingering weightlessly...

All of a sudden, Elisabeth turns around and hurls the globe with all her strength against the wall: BAM!!! The globe smashes and shatters into pieces against the framed poster, splattering everything in the process.

The smiling face on the poster is now dribbling the slimy, transparent liquid; the glass is cracked right over one of her eyes, as if she had gotten punched in the face.

Elisabeth grabs the wilted flowers from the table, heads to the kitchen and...

**14 INT. KITCHEN - NIGHT**

**14**

... throws them in the trash can.

BLACK

A long silent beat.

CLACK - LOW ANGLE SHOT FROM INSIDE THE TRASH CAN WHICH OPENS AGAIN- revealing Elisabeth's face framed by the black can.

She leans over, sticks her hand inside the black bucket...

... and retrieves the USB stick, covered in sticky residue.

**15 INT. BEDROOM. NIGHT**

**15**

Elisabeth sits on the side of her bed on the phone, lit only by the small bedside lamp whose soft glow lights her face.

The sound of the line ringing. Slow. Regular. The line crackles slightly.

After numerous rings, someone finally picks up the phone.

A moment of silence.

Then a masculine voice, deep and cavernous:

Yes?

The sound of heavy breathing on the other end of the line.

Elisabeth hesitates, then finally jumps in:

ELISABETH  
I'd like to... order?

A beat. Then the deep, terse, deadpan voice:

Address?

ELISABETH  
1057 North Beverly Drive.

Please note: 35 North Byron Alley.(TBD)

Caught unprepared, she grabs a pen and scribbles the address on the palm of her hand.

The line goes dead.

Elisabeth remains for a moment without moving on her bed.

**16 INT. BEDROOM / CORRIDOR - DAY**

**16**

A steady whirring sound that grows louder and louder...

Bits of light appear and disappear... Elisabeth opens her eyes with a start.

She realizes that she fell asleep on her bed still dressed. She's dazzled by the sunlight that floods her bedroom.

She sits up and swings her legs over the side of the bed... ouch... a major hangover.

She walks down the hallway dragging her feet where A CLEANING LADY IN HER FIFTIES is running the vacuum.

ELISABETH  
Hello Maria.

MARIA  
Hello Ma'am.

**17 INT. SHOWER. DAY**

HISSSSSSSSSSS TOP SHOT OF THE POWERFUL JET OF WATER spraying Elisabeth's head and back, flattening her hair, water streaming down her numb body. She looks up and the jet slowly washes away the traces of makeup on her face.

**18 INT. KITCHEN / LIVING ROOM - DAY**

**18**

SISSSSSSSSS - AN EFFERVESCENT ASPIRIN TABLET drops into a glass of water.

Elisabeth sits at the kitchen table, wearing a white terry cloth bathrobe.

The bubbles rise to the surface of the glass.

In the background in the living room, we see Maria vacuuming slowly, crossing the frame in a straight line from left to right.... then from right to left... like a small foosball figurine moving straight in its axis.

Elisabeth picks up the newspaper that has been dropped on the table with the mail, and quickly leafs through it.

She can't help but take a quick look at the classified ads... where she discovers the casting call to replace her.

A moment to regroup... then she throws the paper into the wastepaper basket and sifts through the rest of her mail - advertising fliers, a few bills... and stops on a white envelope with her address written by hand. The envelope is sealed with an "S" on the back. No stamp, no postmark, as if someone had dropped it off there.

Elisabeth opens the envelope, and finds enclosed a white plastic card that is simply marked: 503.

She looks at the back of the card: nothing.

She stares at the card for a moment... then at the palm of her hand with the address almost entirely erased by her shower.

In the background, the excruciatingly insistent noise of the vacuum cleaner

**19 EXT. STREET (ELISABETH AREA). DAY**

Her mustard yellow coat is a spot of color that keeps us riveted to her and her gait.

Still following Elisabeth from behind as she walks (her surroundings are a little less pleasant)

**21 EXT. AVENUE / DEPOSIT BUILDING (SKID ROW). DAY**

**21**

Elisabeth arrives at the given address: on the avenue, a small seedy metal shutter door without any signs or nameplates.

Just a small magnetic card reader on the side of the door. She waves her card and the shutter starts to rise...then gets stuck, halfway open. She waves her card at it again but the shutter remains half shut. She looks around... before crouching down to pass under the shutter...

**22 INT. DEPOSIT / LONG NARROW CORRIDOR - DAY**

22

She's now in a long narrow decrepit hallway. On the other side of the shutter door, a notification flyer from a pest control company.

Nice...

She goes down the long corridor..., which leads to...

**23 INT. DEPOSIT / LOBBY**

23

...a small, windowless lobby, harshly lit with neon lights, with letter boxes, like post office boxes, on the wall.

Elisabeth scans the letter boxes... One at the bottom is marked 207... and then another box, higher up, is marked 503.

She waves her card to unlock her letter box. BEEP.

CUT TO:

**24 INT. APARTMENT / LIVING ROOM - END OF THE DAY**

24

A CARDBOARD BOX MARKED 503 sits on the coffee table.

Everything is now tidy and silent in the apartment.

Elisabeth sits on the couch, looking at the parcel.

She finally opens the box and starts taking out what she finds inside. She lays everything out on the table.

A small yellow fluorescent vial upon which is written:

ACTIVATOR  
(single use/discard after  
use)

A plastic kit containing elements that look like needles and syringes with the label:

STABILIZER other self

Something which would appear to look like a sewing kit:  
surgical scissors. Compresses. Surgical thread. Disinfectant.

A transparent perfusion pipe with a label marked SWITCH.

And two transparent perfusion bags filled with a thick yellow liquid upon which are written:

At the bottom of the box, a small white note card with instructions and icons:

«YOU ACTIVATE» - only once (intravenous)

«YOU STABILIZE» - everyday (intramuscular)

«YOU SWITCH» - every 7 days without exception. She turns the card over and reads the inscription on it:

REMEMBER YOU ARE ONE

A moment on the equipment spread out on the coffee table.

She looks at the sight the mirror reflects back at her without clothing and makeup.

Her breasts. Her belly. Her face.

She slides her hand over her beauty mark with its singular shape next to her belly button.

She's still a very beautiful woman but doesn't seem happy by what she sees. We can sense a hidden anguish. Generalized. Immense.

Basically she's just aging... and everything and everyone around her leads her to believe it is the end of the world. The end of her world.

As she looks at her reflection in the mirror, we hear the man's deep resonating voice:

You are the matrix.

On the side of the sink, the equipment is carefully placed upon a small silver tray.

Everything comes from YOU.

And everything IS YOU.

She picks up the syringe and fills it with the fluorescent yellow liquid from the small ACTIVATOR vial.

This is simply... a better version of yourself.

She looks at herself in the mirror again.

Then she takes the tourniquet strap provided with her kit.

She makes a tourniquet on her arm, which she tightens with her teeth.

She disinfects her arm with a cotton pad soaked in alcohol.

She taps her forearm to find a vein.

We can sense she's nervous. She ends up taking a deep breath, sinks the needle into the vein and slowly empties the contents of the syringe.

She waits for a few moments, tensed.

Nothing happens.

A beat. She breathes in deeply.

Still nothing.

She sighs... This is bullshi-

She turns away from the mirror and everything suddenly starts spinning. She falls...

BAM! head first against the floor tiles.

She's folded in two on the floor, violent abdominal pains shooting straight through her stomach. The pain is excruciating.

Her skin seems to come alive all of a sudden. As if something were growing and moving underneath it.

She starts to sweat. Her eyes fill with sheer terror.

The pain is now unbearable.

The growth under her skin.

Sounds grow muffled. As if she were hearing inside of herself. There is something moving... evolving...

Extreme close up of her pupil dilating...

...Deforming...

...DIVIDING ITSELF INTO TWO inside her iris...

She curls up into a foetal position under the unbearable pain.

Her eye rolls upwards and for a moment we fleetingly see... A SECOND EYE INSIDE THE CAVITY before it disappears behind the ocular globe...

On her back, her skin deforms itself and then starts rippling like waves, as if something strange were moving inside of her.

The skin covering her spine starts to crack... and split open. Under the opening skin... we see a SECOND SPINE...

As if ANOTHER BODY were locked up inside her own body.

The skin parts in two and lets THE SECOND BODY APPEAR.

The sound is muffled, her pupil dilates like a black hole, a ringing noise creeps up in her ears, growing more and more deafening...

We enter her pupil, a tunnel of fluorescent light moving at full speed towards a small white spot which grows bigger and bigger with AMAZING SPEED...

BLACK

Silence.

A long beat.

Very long beat.

Of silence.

And darkness.

And suddenly.

The subliminal shot of a heart on fire, blazing.

Boom BOOM... Boom BOOM... Boom BOOM...

The image returns, slowly but surely.

Flickering like the batting of eyelids...

Slowly coming back to life...

At first we only see white tiles.

We soon realize that this is Elisabeth's POV, waking up on the bathroom floor. Her vision is blurry, she is trying to focus...

She turns to the other side and sees...

Elisabeth... lying on her back, unconscious on the white tiles.

... ?

If Elisabeth is lying down on the ground in front of her... Who is she??

Her POV: She lifts up her hand into her field of vision. The nerve network is still being constructed making its blue veins bulge slightly. The edges of her fingernails perspire a mixture of fluid and blood.

She heads towards the sink and faces the steamed up mirror. She attempts to focus. She wipes the mirror with her hand to take the condensation away and discovers... A MAGNIFICENT YOUNG WOMAN IN HER TWENTIES... perfectly formed... incredibly beautiful... and young.

Her features are different from Elisabeth's, but there is a distant family resemblance.

She looks completely dazed.

All the sounds are muffled as if she were in cotton wool. As if she can hear the inside of her body.

She approaches the mirror to look at her eye. She pulls down her lower eyelid: inside of her iris, traces of yellow fluorescent pigment are resorbing and forming a few small, irregular yellow stains.

She slides her hand over her face, her hard nipples, filled with life... Super hard pointy nipples like when she was twenty.

She notices that her singular beauty mark is now on her right breast, while her tummy is unblemished.

She turns to one side, exaggerates the curve of her back upon which her long hair cascades down... like a Venus emerging from the water... a creature of almost supernatural beauty.

She looks down... and sees her old self lying on the floor.

The matrix.

She's lying still, her eyes frozen, staring into emptiness...

...in a puddle of fluid and blood.

The matrix's back along her spine shows the traces of a slot-like opening, already half closed.

As if the shock of this vision were too violent for her, everything spins and she throws up a yellow, fluorescent liquid on the white tiled floor.

She then tries to get ahold of herself... the matrix is pale and can't seem to breathe anymore.

She opens up the sewing kit and forces herself to get it together. She starts sewing up the slit in Elisabeth's back.

The needle and thread start suturing the huge wound along her spine...

Once the suturing is finished, she picks up the perfusion bag upon which is written:"FOOD/MATRIX" and sticks the intravenous needle into Elisabeth's arm.

A small bubble floats up through the perfusion pipe...

After a beat... the matrix starts breathing again and the thick yellow liquid begins to empty very slowly along the gradation of the plastic bag which indicates

---SWITCH---

She sits down on the edge of the bathtub. She's shaking. Gathering her thoughts.

The camera tracks back slowly and reveals them side by side for the first time together.

The MATRIX is spread out on the tiled floor.

SHE, the "new she," is sitting on the side of the bathtub.

Now they will have to share...

She stays silent and immobile for a moment.

## **26 INT. KITCHEN - NIGHT**

**26**

NewElisabeth at the kitchen table in her bathrobe.

We see her sitting from behind, perfectly still.

Then we hear her start to make guttural sounds, which run up and down the scale: bass / treble / bass hhh...hel... Hiiii...heeee... llo...oooo... which trigger a coughing fit.

She spits something into a napkin: fluorescent yellow mucus.

She tries again, this time her voice is clearer:  
Hello...hello...hello

**27 INT. BEDROOM - NIGHT**

**27**

TOP SHOT on NewElisabeth lying in the large bed, staring at the ceiling.

A million things are spinning inside her head.

She finally closes her eyes.

After a few moments, we see her turning over.

And over again.

After a while, she turns the light on and gets out of bed.

CUT TO:

**28 INT. BATHROOM - NIGHT**

**28**

The bathroom light switches back on, revealing the matrix in stasis on the floor, who hasn't moved an inch.

NewElisabeth looks at her for a moment. She then kneels and tilts her very carefully to lay her on her back.

She takes a terry towel which she folds in four and gently places underneath the matrix's head.

She readjusts her position to make her comfortable. Gently puts her hair back in place and brings her ear close to her face to check her breathing.

Everything is fine. After a beat looking down at her... she turns off the light again.

**29 INT/EXT. BEDROOM WINDOW / PALM TREE - DAY**

**29**

A SHINY-LEAVED PALM TREE standing out against the BLUE SKY.

30 INT. TOP SHOT SHOWER. DAY

30

HISSSSSSSSSSSSS - THE POWERFUL JET OF WATER sprays down the small of NewElisabeth's back, flattening her long blond hair. She runs her hands along her waist ... her belly ... her thighs ... as if to appreciate her new shapes and forms.

31 INT. BATHROOM. DAY

31

POV FLOOR LEVEL - naked feet come out of the shower and walk past her former body still in stasis on the bathroom floor; a few drops of water land on the matrix.

She wraps her bathrobe around her and stands in front of the mirror. Facing the mirror, her voice is now perfectly clear and controlled:

NEW-ELISABETH  
...HELLO.

Strange feeling discovering her new voice.

She starts drying her hair off with a towel. A slight tinnitus starts buzzing in her ears.

Ping.

A drop of blood has just fallen onto the white sink.

NewElisabeth brings her hand to her nose and looks at the end of her index finger, which is blood red.

She opens the little door to the cabinet over the sink and takes out the kit marked:

STABILIZER

Other self

The little card reads:

you stabilise

32 EVERY DAY

32

She takes out of the kit: a long puncture needle... and a sort of plastic tube containing individual, but interlocking, mini-vials (clipped on the inside) numbered 1 to 7, making up the whole of a compartmentalized syringe.

She looks at the instruction card... her eyebrows shoot up when she sees the diagrams, a bit uneasy...

Ping, ping, ping, the drops of blood fall more quickly and persistently forcing her to react.

She kneels down next to the matrix and gently turns her onto her side.

She approaches the oversized needle... and starts lightly jabbing the sutured skin... it resists... she pushes with a bit more strength... it still resists... she pushes again and... Swik!... it slides right in.

Extremely concentrated while trying to ignore the piercing tinnitus that never stops, her eyes watch the long puncture needle that progressively sinks into the spinal column.

The needle all the way in, she clips on the series of compartmentalized vials (forming a barrel) and pulls lightly on the plunger... progressively draining a transparent liquid and filling the individual vials.

Once all the vials are filled, she carefully removes the needle, unclips the first vial marked DAY 1 and Swik! Gives herself an intramuscular injection in the thigh.

HER PUPIL DILATES - A beat while her body diffuses the fluid.... the tinnitus diminishes in intensity... and finally disappears.

The bleeding has stopped. Everything's ok.

She breathes out to calm herself

But she's distracted by a noise...

She strains her ears... is it the... sound... of...

A KEY IN THE LOCK??!!

After a suspended moment where everything freezes, her mind processing the information...

...she rushes down the hallway towards the opening door and throws all her weight against it, violently slamming it back shut on the person who was trying to get in. She double locks the door. CLICK- CLACK.

After a beat to collect her wits, she looks through the peephole and discovers: MARIA, her bag toppled over on the floor, not understanding what has just happened...

NewElisabeth's thoughts are racing. NewElisabeth rummages through her coat pocket, takes out her phone and writes a text message.

She looks through the peephole. Ping. Maria takes out her cell phone and reads the message... frowns, looks surprised, but finally picks up her things and leaves.

Relieved, NewElisabeth lets go of the peephole cover.  
SHLICK...

## 33 INT. FRIDGE - DAY

33

The fridge door opens. NewElisabeth puts in the tube containing the six remaining doses of Stabilizer.

## 34 INT. LIVING ROOM - DAY

34

NewElisabeth, in panties and t-shirt, faces the picture window overlooking the city.

She turns around and looks at the big framed photo of Elisabeth hanging on the wall, frozen in her blue leotard and imperturbable smile.

She goes to stand in the middle of the room.

A beat standing completely still.

Then, perfectly straight on her central axis, she starts sliding her two legs apart... her feet slowly sliding in opposite directions on the hardwood floor... even more, until she is in a full split with what seems to be disconcerting ease.

Her knee no longer troubles her in the least.

She then turns into a straddle split position and leans her torso forward, easily reaching the floor with her nose, arms extended.

LOW ANGLE SHOT of the poster of Elisabeth on the wall... soon to be blocked out by NewElisabeth's upper body reappearing in the frame while she straightens back up.

She leans her torso to one side, making Elisabeth's smiling face reappear behind her... then returns to her central axis, masking Elisabeth's face again, before leaning over to the other side... like a metronome covering and uncovering Elisabeth's image to the rhythm of her stretching routine.

A beat. And the her eyes fall upon the wastepaper basket with the newspaper thrown by Elisabeth before.

## 35 EXT. STREET (ELISABETH AREA) - DAY

35

We follow NewElisabeth from behind, walking in the street.

Her mustard yellow coat pulled tightly around her waist, but the coat is now too big for her new, thinner and slender frame, giving her a shapeless silhouette.

Her step is unsteady, very much aware of all the surrounding sensory stimuli. The air on her skin. The wind in her hair. The sound of her steps on the pavement.

Everything seems sharper. Heightened.

CUT TO:

## 36 I/E. SHOP WINDOW / STREET - DAY

36

POV FROM INSIDE A STORE - NewElisabeth is standing in front of a shop window and looking at something off screen.

We track back to gradually reveal ...

... THE PERFECT ASS OF A PLASTIC MANNEQUIN, molded in a FLASHY PINK leotard and frozen in a sensual hip sway position with its hand on its hip.

A moment on the mannequin's perfect ass in the foreground... then on NewElisabeth in the background who looks at her plastic counterpart for a long moment... before disappearing from the screen as she enters the shop.

## 37 EXT. STREET (SHOP EXIT) - DAY

37

We follow NewElisabeth again from behind as she walks down the street, now wearing a pink and white varsity jacket, a pleated miniskirt and white sneakers. A sports bag over her shoulder.

Her long hair undulates in rhythm with her steps. Her walk is now more assured, swaying.

And with this outfit, which highlights her new silhouette, heads start to turn as she walks by...

The legs walk off screen.

A moment of silence - wide shot. The two men behind their desk like two frozen points.

ASSISTANT CASTING DIRECTOR  
Great dancer.

CASTING DIRECTOR  
Too bad her boobs aren't in the  
middle of her face instead of that  
nose.

A beat. Then the other guy gives a grunt of approval.

ASSISTANT CASTING DIRECTOR  
NEXT!

Still focused on them, we hear the door that opens and closes, footsteps...

The two men look up:

A beat where their faces are frozen, as if something took their breath away... and the camera slowly pulls back to reveal...

AN ASS, frozen in the same sexy sway, hand on her hip and wearing the same FLASHY PINK LEOTARD as the mannequin in the store window... except this time it's a human ass.

NewElisabeth's perfectly formed ass.

CASTING DIRECTOR  
Looks like everything sure is in

ASSISTANT CASTING DIRECTOR

NewElisabeth is caught by surprise. Her mind goes blank.

ASSISTANT CASTING DIRECTOR

Something instantly happens on screen.

She has an incredible presence.

ZZZZZZZZZZ THE HANDICAM IMAGE REWINDS and PLAYS again in a

ZZZZZZZZZZ THE IMAGE REWINDS AGAIN AND GOES EVEN MORE TIGHT

40 INT. HARVEY'S OFFICE - DAY

40

The shot widens and we discover that we are now in a large office where the CLOSE-UP IMAGE OF SUE'S LIPS is multiplied on a wall of screens.

Sue is standing in the middle of the room while we hear a thundering voice from afar:

HARVEY (O.S.)  
WHERE IS SHE ??... WHERE IS SHE ??!

Harvey charges into the room, followed by THREE YOUNG MEN IN SUITS, and stops dead in his tracks... his eyes bright... ecstatic as if in front of a mystical revelation:

HARVEY  
WHAT...

He takes her hand and makes her spin slowly like a small figurine.

HARVEY  
...A GORGEOUS...

Makes her sit facing his desk.

HARVEY  
...LITTLE ANGEL.

He flops into his huge leather armchair behind his desk.

HARVEY  
Why on earth did nobody tell me  
earlier about your existence? A lot  
of people are going to get fired  
for that believe me...

Sue, laughing flirtatiously... cheerfully soaks up the compliments, savoring all this new flattering attention surrounding her.

Harvey lights a cigarette. EXTREME CLOSE-UP on the flame which sets the tobacco ablaze like a furnace.

HARVEY  
I'll be brief.

He snaps his Zippo lighter shut - CLING!

HARVEY  
Primo: you're hired.

A puff of smoke exhaled from his mouth.

HARVEY

Segundo: we want something in your image: BEAUTIFUL and HAPPY. People want to be happy.

The embers of his cigarette light up again.

HARVEY

Tertio : We're airing in two weeks. So let's get to work. I'll let you organize everything else with my assistant....

(he snaps his fingers several times, as if trying to remember her name)

...

A voice echoes off screen.

FEMALE VOICE (O.S.)

Isabella.

The camera pans quickly towards ISABELLA (25/30) who is totally silent...then quickly pans back towards Harvey

HARVEY

(frowning, as if suddenly disturbed)

...?.....? Huh? I don't have time for that! Let's make it Cindy. It's shorter. Better. I'll let you organize everything else with Cindy.

As he's about to get up, Sue holds him back with a gesture.

SUE

Oh... before you go...

HARVEY

Yes princess?

SUE

I just have to mention... a small scheduling issue.

Harvey's eyes change slightly...

SUE

I will need to be out of town every other week...

(a beat)

...to take care of my mother who's  
very sick.

Harvey looks at her fixedly:

HARVEY  
Listen to me very carefully 'cause  
I don't think you've heard me.

He comes over right next to her face, speaking very slowly:

HARVEY  
I WANT YOU for this show. So we'll  
organize around whatever mother,  
brother, fucking sick dog or rabbit  
you need to take care of.

He stands and stares at her, his eyes sparkling.

HARVEY

People are gonna LOVE that!

He crushes his cigarette out in the big crystal ashtray.

An ORANGE AND GOLDEN DRAGON BREATHES OUT a gigantic flame.

The frame widens and we discover it's an embroidery on the back of a silk dressing gown worn by Sue; we see her from behind, facing the picture window looking at the city's lights.

In the middle of the room plunged in darkness, the dragon seems to be glowing as if symbolizing her newfound strength and soaring ascent.

A slight tinnitus starts buzzing in her ears...

50 INT. BATHROOM - EVENING

50

On the floor, the last drops of liquid are sucked from the matrix's perfusion bag.

On the bathroom cabinet shelf, the syringe's compartmentalized barrel is now empty, the seven vials have been used.

Sue looks at herself in the mirror.

It's time...

She takes the pipe marked SWITCH and looks at the card that reads:

YOU SWITCH

every seven day no matter what

She takes off her bathrobe and kneels next to Elisabeth.

She looks at her for a while... She unclips the empty IV bag from the intravenous tubing... clips on the end of the small pipe instead... and sticks the needle at the other end of the pipe into her own arm.

She's a little nervous...

She waits... lightly twists and turns the needle inside her arm... After a short moment, blood starts to run through the transparent nozzle on one side, and then the other; blood starts to circulate between the two bodies.

Little by little, her vision blurs. As if life were leaving her body. As if she could feel the cold void of emptiness invade and overwhelm her. As if the world were losing its colors. And life its very spark.

All of a sudden, everything starts to distort HORRIBLY, her vision blurs, a HIGH-PITCHED buzzing noise blasts her eardrums and...

SMACK! THE TWO BLU TACK BALLS SLAMMED ONE AGAINST THE OTHER

WHAM! She collapses head first.

MOTORCYCLE IMAGERY

A beat of silence over a black screen.

Then THE BLACK STARTS SHAKING, BECOMING A DIRTY GRAINY AND UNSTABLE IMAGE - where a tiny dot starts quivering in the far background at the center of the screen while a very weak beat starts echoing: Ba boom.....ba boom.....ba boom...

The small dot grows bigger and bigger... until it takes the shape of a ghostly motorcycle, like a photographic negative, which hurtles straight towards the camera lens... the only audible sound is the heartbeat, growing louder... Ba boom... ba boom... ba boom... the motorcycle hurtles DIRECTLY AT THE

CAMERA at full speed BaBoommBaBoom AND IS ON THE  
VERGE OF EXPLODING AGAINST THE SCREE...

**51 INT. BATHROOM - NIGHT**

**51**

... and AHAAAAAAA! ELISABETH WAKES UP with a start, in her old body, lying on the bathroom floor!

She starts coughing uncontrollably. Like a fish straight out of the water whose gills have difficulty functioning.

Sue's lifeless body has collapsed right on top of her, which prevents Elisabeth from breathing. She tries several times before finally being able to make her roll over. Elisabeth stays in place for a moment, trying to catch her breath.

She removes the small pipe from her arm and gets up with difficulty.

She staggers abruptly as if her muscles were weakened. She regains her balance at the very last moment and leans against the sink.

She looks at her reflection in the mirror. She looks like a trainwreck. Her mouth is sticky and dry. Her eyelashes are stuck together. She rubs her painful knee and just stands there for a moment, head hanging down.

She twists and turns to look at the scar on her back. The stitches outline a long gash going down her spinal column from her neck all the way to her tailbone.

She puts on her bathrobe. Tightens the belt around her waist.

She's freezing. As if she were awakening from a heroin shot.

She looks down at Sue's body on the floor.

So young.

So perfect.

It's the first time that she sees her - that she sees HERSELF... from the outside.

She takes the second IV bag (FOOD / OTHER SELF) from the small bathroom cabinet and sticks it into Sue's arm.

She heads out towards the corridor.

CUT TO:

**52 INT. KITCHEN - NIGHT**

SIZZZZZZZZZZZZ - TWO raw eggs plopped into a frying pan.

Elisabeth makes something to eat. She's super hungry.

The hot oil in the pan makes a deafening sound.

The two egg yolks sizzling next to one another feel like a strange reminder.

The silent apartment is plunged in darkness.

FROM THE LONG DARK HALLWAY with the doorframe at the very end leading to the bathroom - we see Sue's body lying inertly on the tile floor.

IN THE KITCHEN - Elisabeth eats avidly as if to restore an energy balance.

Long silence. Only the small humming noise from the fridge.

In comparison to the energy she had before when she was Sue, everything now seems very silent and surrounded by a sluggish cloud.

The scar tissue has healed. She picks up the surgical pliers and starts to extract the sutures (slightly painful and uncomfortable). She twists with difficulty and tries to grab the stitches one by one.

In the white sink, the black thread looks like spider legs. She gathers it all, and throws the threads in the trash can.

She puts scarring cream on the long pink scar.

A phone starts ringing. We follow Elisabeth as she walks towards the bedroom.

57 INT. BEDROOM - DAY

57

A short beat as she sees the name of the person calling on the phone: HARVEY. She sits down on the bed and picks up the phone taking on a confident voice.

ELISABETH

Hel...

HARVEY (V.O.)  
I need you to come back.

Elisabeth straightens slightly all of a sudden. A fleeting glow appears in her eyes.

HARVEY (V.O.)  
To empty your office. Whenever you want, no rush. This afternoon?  
(without waiting for her to answer)  
Great, See you then!

He hangs up.

A beat on Elisabeth who remains seated on the bed, the big, pink scar covering her back.

We follow Elisabeth from behind as she walks, wearing her mustard yellow coat.

She pulls up her coat collar several times to make sure the scar isn't visible.

Everything seems more aggressive. The noise of the cars higher pitched. People are even more in a hurry.

No one turns around as she walks by.

Lost in her thoughts.

**60 INT. STUDIO / BACKSTAGE CORRIDOR - DAY**

**60**

Close up on Elisabeth staring fixedly at something off screen.

From the reverse angle we see it's the long backstage.

All her photos which once hung like trophies have since been taken down.

A beat on the long corridor, which now seems stark naked.

Harvey appears at the other end, striding towards her, carrying a big cardboard box in his hands.

HARVEY

Aaaaahh, there's she is!!! Where have you been??! We wanted to all have a drink for your departure - something big to mark the occasion.

He dumps the box into her arms.

HARVEY

Anyway, I've gathered everything for you, to save time. And we all chipped in...

(proudly taking a wrapped gift out of the box)

...we bought you just a little something to keep you busy...

HARVEY HARVEY

You'll open it at home. It's French. My wife swears by it!

(looking at his watch)

Oops! I've got to run! But come and visit whenever you like! We'll always be happy to see you!

His excess of enthusiasm stresses the fact that he wants to get rid of her as soon as possible.

And before she even has time to answer, he has already left and disappeared down the hallway.

Elisabeth finds herself standing silently alone on the grey rug that runs down the middle of the empty corridor.

Glug glug glug...

The water fountain right behind her gurgles... as if to stress how pathetic the whole situation really is...

**65 INT. BATHROOM - DAY**

**65**

Sue's figure lying still on the tile in the darkness.

After a moment, Elisabeth walks into the bathroom and switches on the light.

She steps over Sue and puts a new small cardboard box on the sink. She opens it to find: two new IV bags and seven new empty vials clipped together.

She puts them away in the bathroom cabinet and closes the mirrored door where she sees her reflection staring back at her.

She looks at Sue lying on the floor.

And the IV bag indicating that there are still 4 more days to go...

**66 INT. KITCHEN/LIVING ROOM - DAY**

**66**

Elisabeth sits at the kitchen table crossing out days on a monthly calendar in black.

She crosses out seven days in a row... then writes "SUE" in each of the next seven days... then the same thing again until she has covered the entire month.

She leans the calendar up against the wall, pensive.

She lightly taps the end of the pen against the table, bored.

She turns on the radio:

...at discount prices! It's fish of the sea month at COSTCO! SUPER COLOSSAL ALASKAN RED KING CRAB LEGS are only \$12.99 a pound, so come on down and reel in your catch! HEY BUT WHO'S THIS?! WHO'S WHAT? WHO'S ON TOP OF THIS? THE ASSURAN-

She switches off the exasperating commercials with a flick.

She remains seated in her chair for a moment.

Then she gets up and walks into the living room. She disappears from the frame and after a little while we see the TV turn on in the background.

Staying with the wide shot, the TV in the background, spitting out its programs.

The sound of a TV show in the distance slowly gets louder.

**67 INT. BATHROOM - NIGHT**

**67**

GROUND VIEW OF THE BATHROOM TILES - The door opens and a beam of light comes through, shining on Sue lying on the floor.

We can see Elisabeth's feet and the hem of the white bathrobe standing still in the foreground.

The I.V bag indicates two more notches.

Two more days to get through...

Elisabeth's feet leave the frame and the door closes again.

BLACK

The sound of the TV dies down...

...comes back on with a new show... and dies down again...

Then rhythmic music, soft and muffled at first, slowly grows louder in the distance...

The volume increases, louder and louder ...

**68 INT. KITCHEN / LIVING ROOM - DAY**

**68**

...AND BURSTS FULL BLAST as a door opens letting the light... into the fridge.

We realize that our POV IS FROM INSIDE THE REFRIGERATOR, while now it's SUE in underwear and a small tank top who bends over to put away the compartmentalized syringe filled with spinal liquid for the next seven days, the music blasting behind her in the apartment.

She grabs a soda can.

CLOSE UP ON HER MANICURED HAND AND RED NAIL POLISH, pulling off the can tab KSHHHHHH...

HER FLAT, MUSCULAR BELLY as she thrusts her hip to close the fridge door.

We follow Sue, stretching and drinking, swaying in rhythm to the music and enjoying the sensations of being in her new body.

While the time she spent as Elisabeth felt dull and pointless, now it's as though a bundle of irrepressible energy has taken over the apartment.

Sue walks into the living room and sees that the TV is still switched on. Her gaze falls upon the large armchair facing the TV with a slight concave impression in the cushion...

A barely perceptible scolding look flashes across her face.

She grabs the remote control, turns off the TV, and glances at the framed photo of Elisabeth on the wall as if reprimanding her - Tsk, tsk.

She heads for the bathroom.

**69 INT. BATHROOM - DAY**

**69**

She leans against the doorframe and looks down at Elisabeth's slumped body on the tiles.

A long moment as she looks down at the limp matrix, sprawled on the ground like a rag doll.

CRRRRRUNCH - she crushes the can in one sharp gesture and starts looking around, as if searching for something.

She knocks on various walls in the apartment: Tap tap tap listening to the echo inside... Tap tap tap...

**72 INT. BATHROOM - DAY****72**

She goes into the bathroom, taps on the other side of the wall.

Tock tock tock... Hollow too. There's a hollow space between the walk-in closet and the bathroom.

She remains still for a moment, staring at the wall, pensive.

Sue appears and opens it, finding herself face to face with her NEXT DOOR NEIGHBOR (old bachelor in his forties) who yells at her immediately:

NEIGHBOR  
 WHEN ARE YOU GOING TO STOP THIS  
 NOISE...  
 (seeing her)  
 Oh... I thought it was Ms. Spar...

SUE  
 (standing in her  
 doorframe, devastating  
 smile)  
 She moved out.

A beat where he stares at her, flustered.

SUE  
 I'm the new tenant.  
 (she stretches her hand  
 out)  
 Sue.

He stands there stupidly. Then, as if snapping back to reality, he wipes his sweaty palm against his pants and stretches it out to her, trying not to appear overly excited.

NEIGHBOR  
 (stuttering)  
 Ovl...Olivr...Ovlir...

SUE

You wanted to complain about something Oliver?

A long pregnant pause. And then, as if reconnecting his brain to his mouth:

NEIGHBOR

Oh no! No no... absolutely not...  
 it's euh... great to have stuff  
 going on in the building... I'm  
 quite handy, if I could help with  
 my tools... I have a big hammer and  
 euh... I mean you know... Anyway! I  
 live right next door, you know

He suddenly turns around and goes away, closing his apartment door behind him, completely at a loss.

Sue closes her door laughing to herself...

**84 INT. LIVING ROOM - JOUR**

**84**

...we follow her, swaying as she walks back down the hallway.

Entering the living room, we discover through the picture window that a PUBLICITY BILLBOARD WITH A HUGE PHOTO OF HER has been set up outside.

She's sporting a sexy pose in her flashy pink leotard with a wide smile and a hand on her hip:

coming soon

Sue walks towards the matrix lying in stasis on the floor, props the I.V bag up on her belly, grabs her by both arms...

.. And slowly drags her down the hallway.

Inside the empty living room, Elisabeth's large framed poster still hanging on the wall is now facing Sue's publicity billboard in a bizarre face off.

Almost as if the two versions of herself were staring at each other like a static paper version of a cowboy standoff...

ELISABETH'S GLOWING EYES...

FACING SUE'S SPARKLING EYES...

**85 INT. HALLWAY - DAY****85**

Sue drags the matrix along the corridor. She noticeably handles her with a little less consideration.

The matrix's hip knocks against the corner of a piece of furniture and one of her arms grips onto something which slows her down. We can sense Sue can't wait to get this over with.

**86 INT. BATHROOM - DAY****86**

She reaches the bathroom, opens the door to the secret room...

**87 INT. SECRET ROOM - DAY****87**

...and drags the matrix to a dark and somber secret room created in the empty space behind the bathroom wall, which we now discover finished.

The new secret wall slides perfectly into the real one, invisible to outside eyes.

Only a small, almost imperceptible air vent allows the air to circulate. Otherwise, the room is dark, cavernous and completely pitch black inside.

**88 INT. LIVING ROOM - DAY****88**

IN THE LIVING ROOM the face off continues in increasingly tighter shots between Elisabeth and Sue's pictures.

SUE'S SUPER PEARLY WHITE SMILE...

FACING ELISABETH'S LARGE SMIL... which swivels all of a sudden and disappears out of the frame, leaving just the plain white wall.

**89 INT. SECRET ROOM - DAY****89**

Sue stores the large framed poster she took down next to Elisabeth inside the little secret room.

A moment with Sue staring at the matrix lying on the ground, before she starts to close the heavy secret wall.

We see the beam of light that slowly fades on the matrix's still body lying on the ground...

The beam fades... and fades...

...and then TOTAL DARKNESS sweeps over her in a deep, guttural sound.

BLACK.

A long moment of silence.

Then, a humming noise that slowly grows louder...

Much like a roaring sound...

Getting louder and louder...

**90 INT. TV STUDIO / SUE'S SHOW "PUMP IT UP" - DAY**

We follow FEET walking ahead in rhythm... past a pink, curved, glossy material, which we soon discover to be huge letter balloons through which we pull back to reveal a series of pink letters spelling out the title of the new show:

PUMP IT UP

With Sue

The shot continues to pull back revealing THE DANCERS surrounding Sue.

SUE

Hi everybody! I'm Sue and it's time  
to PUMP IT UP! So here we go!

Her leg flies up in the air as the music starts, blasting away at full volume.

Asses start to sway in rhythm to the dynamic and bewitching music.

We track past the asses moving to the beat. To the left. To the right. Heads bend upside down revealing blondes, brunettes and redheads with long, abundant hair.

Thin WAISTS and PELVISES sway suggestively.

SUPER HIGH CUT flashy leotards, reveal perfectly waxed groins underneath.

Firm and BOUNCY BOSOMS compressed inside the lycra.

A concentrate of energy and sexy girls swaying in rhythm with provocative smiles inside the flashy and modernized scenery.

Everything now is younger, sexier and more dynamic.

Nothing in comparison with Elisabeth's outdated show.

Sue's face, enjoying the change in atmosphere.

It was clearly time for a makeover.

In the center of the action, she's magnetically beautiful.

She lets herself bask in the spotlight as she tightens her abs in rhythm.

Once.

Twice.

Ten times.

Thirty times.

Her gaze pierces the screen.

And every single pair of eyes is on her.

The cameramen.

The assistants.

Her face MULTIPLIED on the control room screens.

92 INT. TV STUDIO / SUE'S SHOW "PUMP IT UP" - DAY

92

The group moves in rhythm, a constant crescendo, until the music ends and in a final motion which freezes the group, perfectly synched...

SUE  
WOO!! THANK YOU EVERYBODY!

Sue's chest rises up and down...

She's covered in sweat and out of breath, but this time it's because of the galvanizing effort she's just made with a body full of hormones and adrenaline.

SUE  
I'll see you all next week!

She is about to go but then suddenly she turns back to the camera as if she's forgotten something:

SUE  
Oh!  
(eyes sparkling)  
And in the mean time...

She winks and blows a kiss to the camera.

SUE  
... take care of yourself.

The lights switch off.

Silence returns on set.

A suspended beat, as if the air needed to cope with all the sexual and bodily energy that has been stirred.

A voice echoes from the control room:

And that's a wrap!

Everybody is suddenly bursting with happiness. WOOGHOOHOO!!! They hug each other, lie down or bend over to catch their breath, in great relaxation and relief.

A thunderous and ecstatic voice rings out:

HARVEY (O.S.)  
Where is she?? Where is she??

And Harvey charges in, opening his arms wide, grandiose, singing her praises.

An assistant brings Sue a towel and a little bottle of water.

**93 INT. TV STUDIO BACKSTAGE CORRIDOR - DAY**

SLAM! The building's door opens out onto brilliant SUNLIGHT, a BLUE SKY AND PALM TREES reflected in Sue's sunglasses. Sue comes out of the building wearing her varsity jacket and sports bag over her shoulder. She walks towards the exit.

A voice echoes out from behind:

MAN'S VOICE (O.S.)  
I'd be the happiest man on earth if  
I had the chance to work with you..

Sue's face freezes... as if challenged by this voice which sounds familiar to her... she slowly turns and finds herself facing... CRAIG. With a huge smile etched on his jaw, he proudly stretches out a hand to her.

CRAIG  
I'm Craig Silver, from Craig Silver  
management.  
(he hands her his card)  
...You have so much potential, we  
could make great things happen  
together.

A different voice calls out as ANOTHER GUY steps into frame.

ALAN  
And I'm Alan Weil from WEIL & CLARK  
MANAGEMENT.  
(he also hands her his  
card)

ALAN ALAN  
WE'LL bring you all the way to the

Then a THIRD ONE...

BOB  
Bob HASWELL from H&H MANAGEMENT  
(agency name TBC)  
(new card)

How come you've never been on our  
radar? We'd be the perfect reps for  
you!

Sue looks at the three men who each hold out their card to her... She ends up smiling at Craig... and takes his card.

Craig's victorious smile... yes!... which immediately turns into his jaw dropping when Sue tears his card into small pieces before stuffing them into his shirt pocket and tapping on it... She then arbitrarily chooses one of the other business cards.

SUE  
Nice to meet you....  
(looking at the card)  
...Alan!

She immediately turns her back on the three men, walking away with a contented smile on her face.

**95 INT. BEDROOM /HALLWAY /BATHROOM /SECRET ROOM - END OF DAY 95**

POV FROM INSIDE A BIG RECTANGULAR BOX whose cover is being removed. Sue's face is looking inside it with sparkling eyes.

It's a leather catsuit that she slowly takes out from a big white rectangular box lying on the bed.

HER LOVELY FOOT WITH POLISHED TOENAILS slides inside the black and supple leather.

We film up her entire leg, the camera turns around her thigh and does an EXTREME CLOSE UP on the black and shiny material as she slips on the ultra tight suit, as if we are an integral part of the leather - as if the leather was becoming one with the body, allowing the body to express its full physical potential.

She slowly closes the zipper... the two swaths of leather uniting, swallowing up her spinal column in the aerodynamic casing.

She throws her blond mane of hair cascading down between her shoulder blades; we follow down the length of her flowing locks... then down her buttocks and leg, all the way to her black stiletto heels which start walking across the white carpet...

...then across the hardwood floor in the hallway...

... arriving on the tiled bathroom floor...

... and finally end their journey on the secret room's bare cement floor.

The high heels stand next to Elisabeth's IV bag that is almost empty. Just a few hours until it is time to switch.

**96 INT. BATHROOM / SECRET ROOM - END OF DAY**

Don't eat too fast...

She closes the heavy door and now the only thing visible is the little square of light from the air duct, through which we can see the high heels gradually walking away across the bathroom tiles... then we hear the clack of the light switch, which leaves us in DARKNESS

They stumble and laugh. We quickly understand that they're both completely drunk.

She looks at him fixedly... before bursting into laughter.

They're completely hammered.

They let themselves fall back on the sofa.

A slight tinnitus starts buzzing in Sue's ears, but she ignores it, sits astride the guy and they start kissing.(we see the silhouette of them kissing in the mirrored visor of the motorbike helmet nearby)

The sexual tension soars. The man caresses Sue's crotch with his hand, brushing his lips over her neck. His tongue slides up the silky nape of her neck. Sue's skin tingles with goosebumps aroused by all the new sensations bursting inside her.

106 INT. SECRET ROOM - NIGHT

110 INT. SECRET ROOM - NIGHT

111 INT. LIVING ROOM - NIGHT

111

Sue unbuttons his trousers and slips her hand into his boxer shorts...

Plip plip plip plip the drops of blood fall on the man's chest at an escalating rhythm...

THE SOUND IS MUFFLED. THE IMAGE FLICKERS as if a black veil were intermittently being thrown over the screen.

MAN  
Are you alright?

Sue feels more and more overwhelmed... She starts hearing noises from inside her own body... Boom BOOM... Boom BOOM... her heartbeat accelerates.... BoomBOOMBoomBOOMBoomBOOM...

SUE  
Give me a minute...

She gets up and we follow her as she hurries into the hallway with a staggering step BoomBOOMBoomBOOMBoomBOOM  
BoomBOOMBoomBOOMBoomBOOM

**112 INT. BATHROOM / SECRET ROOM - NIGHT**

**112**

She locks herself in the bathroom, and opens the door communicating with the secret room to discover what she already knows...

The nutrition bag is empty. It is now only a plastic compression shrivelled into itself as Elisabeth's body, increasingly pale, attempts to mechanically suck up what isn't there...

Sue hunches over the sink as the drops of blood grow more frequent; her tinnitus blares loudly inside her head, the pain is unbearable.

She HAS to switch.

FUCK! What shitty timing!

We can sense all her frustration explode, while she looks at Elisabeth's lifeless body on the ground.

This body that she has no desire to get back into...

MAN (O.S.)  
Are you alright?

Sue looks at herself in the mirror... the camera slowly tightens on her shining eyes... as if an idea was taking shape in her mind...

SUE  
YES I'LL BE RIGHT BACK!

She opens the small bathroom cabinet and looks at the puncture needle...

...the second nutrition bag...

Her foot presses down on the pedal of the trash can - CLACK - revealing the seven small empty vials at the bottom of the bucket...

She looks down at them for a long moment, her eyes shining... (she grabs the vial)

CUT TO:

**113 INT. SECRET ROOM - NIGHT**

She flips the matrix onto her side... AND SLOWLY LIFTS UP THE BANDAGE on her back...

After a short moment of hesitation during which she looks at the puncture site, contemplating what she's about to do... Sue casts aside her last doubts...

... AND SHE SLOWLY PUSHES THE LONG NEEDLE into Elisabeth's spinal column...

ELISABETH'S GLAZED EYE STARING INTO SPACE - her pupil slightly trembles while Sue pulls slowly on the plunger and the transparent fluid starts to trickle into the syringe...

SUE  
Just a few more hours...

Once the vial is half full, Sue unclips it and SWIK! Jabs herself in the thigh, as she does everyday, when it's her week.

HER PUPIL DILATES - She closes her eyes for a few moments, as her body absorbs the shot... She can hear her heartbeat slowing down, the ringing in her head abates...

She hurries to plug in the second perfusion bag, which was normally meant for her, in Elisabeth's arm. A small gurgling sound... then a bubble rises up inside the pipe... and the thick liquid starts slowly making its way up the tubing...

Slowly but surely, Elisabeth's breathing becomes normal again.

She starts kissing him. More and more greedily.

The zipper slides slowly down Sue's back...and we see...

HER ORGANS SPLATTER ON THE FLOOR IN A BLOODY MAGMA-LIKE MASS:

**119 INT. SECRET ROOM - DAY**

**119**

AHAAAAAAA... ELISABETH wakes up with a start inside the secret room. She coughs, spits, clutches her throat... as though she had been asphyxiated.

Sue's body is lying next to her in stasis on the other side of the switch pipe.

It takes a moment for the horrific nightmare to fade as Elisabeth tries to gather her wits. Ouch... We can tell that her whole body aches and that she is in a fog.

She looks confused when she discovers... the small empty vial on the ground next to her... and the second perfusion bag which has already been emptied half a notch's worth.

She clips it onto Sue's arm and she goes into the bathroom.

**121**

She walks down the hallway dragging her feet. It's day now. A beat as she discovers... Sue's clothing strewn on the floor: her boots... her leather catsuit... her lingerie... They make a trail down the hallway all the way to the bed, which we see from afar: unmade, rumpled sheets attesting to a night of lovemaking.

We can see that Elisabeth is trying to connect with her memories of the night before... but she doesn't seem to remember a thing.

She makes her way to the living room where she discovers the aftermath of the evening's festivities: half-empty glasses, full ashtrays...

She walks towards the picture window - a post-it note is stuck on it:

Too drunk to take the bike home,

keep an eye on her ;)

TROY (812 674 839!)

Elisabeth reaches out to grab the post-it note AND SHE IMMEDIATELY RETRACTS HER HAND as if she'd seen something awful, something frightening...

She slowly lifts her hand into her field of vision...and in complete shock she sees...

...her finger.

Her index finger is crooked and swollen, deformed with arthritis... her fingernail is yellow and the skin withered like an old woman's finger - while the rest of her hand is normal.

WHAT THE F...!

**122 INT. BATHROOM - DAY**

**122**

She turns around and hurries into the bathroom, runs the cold water in the sink and puts her index finger under the faucet. She scrubs and scrubs her finger, but to no avail, the deformation is still there.

She stares at her index finger.

The horribly withered skin.

The protruding and swollen blue veins.

The deformed knuckles.

She closes her eyes, tensing her face...and her expression hardens as what happened becomes progressively clear to her.

She looks at Sue's body on the floor.

The stranded empty vial next to her.

She lowers the back of her bathrobe and twists around, trying to see the reflection of her back in the mirror.

The puncture site is red, slightly swollen... and ouch... painful to touch.

She closes her eyes a moment, her hand clinging to the sink's edge, with this deformed finger that stands out against the white porcelain.

Fuck fuck fuck fuck...

123 INT. KITCHEN - DAY

123

Elisabeth sits at the table, on the phone.

The insistent ringing tone...

Bri-ing...Bri-ing..

Through the picture window, Sue's gigantic billboard staring right back at her in silence.

Her bright, dazzling smile...

PUMP IT UP

Bri-ing...Bri-ing

Yes?

Elisabeth sits up straighter in her chair when the cavernous voice answers.

ELISABETH

Yes hi...

She winces a little, her back slightly in pain.

ELISABETH

(clearing her throat.)

This is Elisabeth Sparkle.

Silence on the other end of the line.

ELISABETH

...on Beverly drive?

Still nothing.

ELISABETH

...I am uh...

(hesitant)

...503?

Yes.

ELISABETH

Yes... Hi...

An embarrassed pause. She's gathering her courage as she stares at her deformed finger.

ELISABETH

Listen... there has been a slight...

She's walking on eggshells, carefully choosing her words.

ELISABETH  
...misuse... of The Substance...

She nervously rubs her index finger.

ELISABETH  
A few extra hours were...  
accidentally used...causing...  
(a beat)  
...an alteration.

Long silence at the other end of the line.

Nothing but the crackling.

Elisabeth wiggles, uneasy in her chair.

ELISABETH  
So... what's the procedure to  
reverse it?

A long beat. The line crackles.

What has been used on one side is lost on the other side.

There is no going back.

A beat.

Elisabeth's shock and dismay.

ELISABETH  
No, but, listen I don't know what  
she was thinking she was drunk  
obviousl-

Remember there is no "she" and "you", you are one.

Elisabeth closes her eyes, tensing her face to try and put  
her thoughts in order.

ELISABETH  
Right...

A beat.

ELISABETH  
But I can't even remember what  
happened during the extra time! So  
there should b-

The balance is perfect at seven days.

Respect the balance and you won't have any more inconveniences.

A beat. The line goes dead.

Elisabeth doesn't move for a long moment, as if she were hit by a ton of bricks.

Then she gets up abruptly and starts automatically cleaning up after the prior evening's festivities, so as to try and channel her emotions.

She empties the glasses and the ashtrays.

Disgusting.

She goes to the picture window, rips off the post-it note.

She crumples the post-it into a ball, which she throws into the garbage.

She takes the trash bag out of the can and triple knots the ties.

She throws the motorbike helmet out on the landing.

VIEW FROM INSIDE THE TRASH CAN AS IT OPENS - she throws the trash bag inside, covering the camera and thus creating DARKNESS

**124 INT. BATHROOM - EVENING**

**124**

It's night. Elisabeth, in her nightgown, looks at her reflection in the mirror with a harsh expression, as she brushes her teeth.

THE GNARLED FINGER ON THE TOOTHBRUSH brushing back and forth... mixing saliva and toothpaste... brush up... brush down... up... down. Elisabeth lost in her thoughts...

She gargles, spits and puts the toothbrush back in its glass. She picks up her night cream in a well-rehearsed ritual.

She puts it on her face, still absorbed in her thoughts as the white cream penetrates her skin;

She puts the cover back on the jar of cream and is about to put it back in place on the shelf... when she stops... she looks at the jar and focuses on the inscription:

ULTIMATE YOUTH  
Intensive regenerating night cream

She slowly unscrews the jar top and stares at the glossy white cream inside...

And then slowly, takes her crooked finger and progressively dips it into the cream... She sticks her finger all the way in until it is completely covered.

She waits for a moment... carefully turning her finger in the white cream... and then slowly removing it; the finger now entirely covered in glistening white cream as though it was a poultice covering the skin.

With her other hand she searches through the small cabinet and takes out a crepe bandage, which she wraps and knots around the cream-covered finger.

Like a little doll in a cocoon at the end of her hand.

She presses lightly on the doll... which oozes cream.

Good. It's soaking in.

She looks in the mirror and shuts off the light : BLACK

**125 INT. BEDROOM - NIGHT**

**125**

HER BANDAGED HAND carefully resting palm down on the sheets.

Her figure is entirely still in the darkness.

Dominated by the palm tree's black shadow in the night, which looks like a giant spider.

CUT TO:

**127 INT. BATHROOM - DAY**

**127**

THE HAND WITH THE BANDAGED FINGER spreads out over the sink.

Elisabeth stays still for a moment, then she starts unwrapping the bandage... the anxiety in her eyes as she unrolls slowly revealing her finger...

The dried out cream leaves a type of plaster-like crust covering the skin.

She turns on the faucet and soaks her finger in the stream of water to dissolve the white crust.

She delicately wipes her hand with a terry-cloth towel and stretches her hand out over the sink to see the result...

Nothing has changed.

Her finger is still just as wrinkled and deformed by arthritis; brownish age spots are scattered on her skin.

Elisabeth's eyes fill with emotion which she does her best to channel as she tries to wrap her mind around this excrescence that is eating away at her hand.

Her hand starts shaking, betraying how upset she really is. Her last hopes - that she knew were in vain - are swept away for good.

In the background, through the door that leads to the living room, we see the TV on, but we can't hear the sound, covered by a humming noise that grows louder...and louder...

...and Elisabeth is crossing the frame in the background as she's pushing the vacuum cleaner from left to right... then right to left... sweeping back and forth like a small foosball figurine moving straight in its axis...

CUT TO:

**129 INT. LIVING ROOM - DAY**

**129**

Elisabeth, concentrating on her vacuum cleaner sucking up the carpet as though hunting for the smallest piece of dust would help her avoid becoming overwhelmed by her thoughts.

She looks up, about to turn around in the opposite direction, when something catches her attention from afar...

She slows down, approaches carefully, and finally stops...her eyes engrossed, her pupils darting back and forth... the vacuum cleaner still humming... until she turns it off and pulsating music bursts out in its place:

DON'T YOU KNOW PUMP IT UP...

We discover that she is staring at the television screen...

...YOU'VE GOT TO PUMP IT UP...

Where SUE is energetically swaying her hips in her new show.

DON'T YOU KNOW PUMP IT UP...

Elisabeth has a moment of confusion. Befuddled.

YOU'VE GOT TO PUMP IT UP...

A disturbing vision of Sue in the place that used to be hers.

DON'T YOU KNOW PUMP IT UP...YOU'VE GOT TO PUMP IT UP...

Elisabeth grabs the side of the armchair to balance herself, slowly sitting down while watching Sue moving on the screen...

DON'T YOU KNOW PUMP IT UP...

Her dazzling smile.

Her firm and insolent breasts.

YOU'VE GOT TO PUMP I-

Elisabeth turns the sound off, but continues to watch the show, as if fascinated by the details of Sue's body moving in rhythm to the ghostly beat of the now muted music.

Her slender thighs.

Her suggestive hip movements...

Her abs tightening in a close up.

Once. Twice. Ten times. Thirty times...

On screen, with beaming and seductive eyes...

SUE  
"In the meantime... Take care of  
yourself!"

...Sue blows a kiss to the camera, disarming her viewers with a devastating smile.

A suspended beat... as though the two women exchanged a look through the screen...

Click Elisabeth switches off the TV.

She remains silent for a moment.

Overwhelmed.

Her gnarled, deformed finger on the TV remote.

Sprawled across the armchair in her bathrobe.

She looks up: behind the turned-off TV, the billboard of SUE staring back at her through the glass window, smiling with all her pearly-whites:

PUMP IT UP

It's as if she were cornered from all sides.

BZZZZ

She jumps at the sound of the front door buzzer.

Who the hell is that...

BZZZZ BZZZZ

**130 INT. APT ENTRANCE / APT CORRIDOR - DAY**

**130**

She approaches the door without making any noise.

HER GNARLED FINGER opens the peephole cover, and she looks through it:

The neighbor.

Fuck. What does he want...

She doesn't move; doesn't make any noise.

BZZZZ BZZZZZZ

Go the fuck away, egg head...

BZZZZZZZZZZZ

OLIVER (O.S.)  
Sue?

He starts softly scratching the door.

NEIGHBOR (O.S.)  
It's Oliver...

A beat.

NEIGHBOR (O.S.)  
I just saw you on TV... Holy moley  
makes me want to join your class!  
Do you give private lessons?

A long silence.

NEIGHBOR (O.S.)  
What about a drink at my place  
tonight?

Elisabeth stands without moving or making noise, her gnarled finger on the peephole.

NEIGHBOR (O.S.)  
I can see you standing behind  
there... don't be shy gorgeous!  
(a long beat)  
I'm into sports too, I can show you  
my chess trophies!

A long beat. Elisabeth doesn't move.

NEIGHBOR (O.S.)  
Alright, no problem, take your  
time... But it's a date!  
We see him finally waddling back  
inside his apartment, humming  
along: don't you know pump it up...

THE WRINKLED FINGER lets go of the peephole cover. SHLACK!

CUT TO:

**131 INT. SHOWER - DAY**

**131**

HISSSSSSSSSSS THE STREAM OF WATER FROM THE SHOWER HEAD  
PUMMELS ELISABETH'S BACK.

Her hand against the wall for support, letting the water flow down her body, as she stares at the ground, lost in her thoughts, as if she were trying to regain her footing.

**132 INT. APARTMENT / ENTRANCE - DAY**

**132**

Elisabeth finishes slipping her coat on, turns up the collar and puts on leather gloves to hide her problem finger.

She looks through the peephole. The coast is clear.

**133 EXT. STREET (ELISABETH AREA) - DAY**

**133**

We follow Elisabeth from behind, walking quickly.

**134 EXT. STREET (LESS NICE STREET)- DAY**

Her gait is jittery. Everything seems more harsh and aggressive.

**136 INT. DEPOSIT/LOBBY - DAY**

A wave of her card opens her locker. Beep.

She thinks she hears a slight noise behind her. She turns around. Scans the lobby. No one.

She takes out the package and puts it in her bag.

**137 EXT. STREET (LESS NICE STREET) - DAY**

**137**

Elisabeth walking in the opposite direction.

After a while, she has a strange feeling. As if she were being followed. She turns around... still no one.

She picks up the pace.

**138 EXT. STREE (DINER AREA) - DAY**

**138**

Still from behind Elisabeth's back as she walks.  
 Turns around again. Still nothing.  
 She finally goes into a diner.

## 139 INT. DINER - DAY

## 139

She sits down in a booth. Moves to another. She's hot. Takes off her coat. Starts removing her glove... then decides against it, readjusting the right glove in particular.

WAITRESS (O.S.)  
 What can I get you?

Startled, she jumps and looks up: a SEXY WAITRESS with a name tag that reads ALLISON is staring at her, notepad in hand.

ELISABETH  
 (random)  
 Uh....a....mocha latte.

The waitress leaves.

A beat: Elisabeth meticulously readjusts her glove.

MAN'S VOICE (O.S.)  
 It's long, isn't it?

Elisabeth turns her head. At the next table is a SWEATY, OBESE MAN muffled up in a gray coat, staring right at her. He has a big strawberry birthmark on his face, whose shape is strangely familiar...

ELISABETH  
 Excuse me?

MAN  
 Seven days...

She stares directly at him... nonplussed...

MAN  
 I know what "these weeks" feel like...

A beat. She is increasingly confused... she looks away from him pretending she has no idea what he is referring to.

ALLISON (O.S.)  
 Whipped cream?

The waitress is in front of her again, a can of whipped cream in hand, her coffee on the table.

ELISABETH  
Uh...yes...

PZZZZZZZZZT

Elisabeth stares at the whipped cream which slowly shrivels up, melting into the coffee.

She takes a spoonful, as if to comfort herself.

She watches the man from the corner of her eye as he picks up the menu to order. His wallet, which was on top of the menu, falls to the ground. As he leans over to pick it up, Elisabeth glimpses on the nape of his neck... the beginning of a thick pink scar similar to her own, which disappears under his shirt collar... He gathers up all the credit cards that have scattered on the floor: among them is a white plastic card with 207 on it. He puts it away in his wallet and sits back up.

A long beat where they stare at each other.

Everything muddles up in Elisabeth's mind...

ELISABETH  
...Did you follow me here?

MAN  
I was just curious to see how things were going for you... And actually I wouldn't be against a little bit of company... It's just good to... talk to someone... you know. Each time you feel a little more lonely... don't you think?

A long beat where she stares right at him.

ELISABETH  
I don't know what you're talking about. I'm fine, thank you.  
Everything is fine.

She turns her back to him and tries to make it look like she is engrossed in her coffee.

MAN (O.S.)  
It gets harder each time to remember that you still deserve to exist...

The whipped cream that shrivels up more and more like a deflated balloon...

MAN (O.S.)  
...That this part of yourself is  
still worth something...  
(a beat)  
That you still matter...

The melted whipped cream now looks like yellowish puke.

MAN  
(muttering to himself)  
He should-  
(SMACK! He slaps himself,  
almost like a tic)  
I should never have given it to  
you. But he's so (SMACK!  
Another)...shallow and  
superficial!!

Elisabeth's mind is a jumble of confusion. She searches in her bag, pays the check with a \$10 dollar bill to cut short and heads for the exit.

MAN (O.S.)  
(loud, towards her)  
Has she started yet?

Elisabeth turns around. A beat where they exchange a long look.

MAN  
...eating away at you?

A suspended moment... staring fixedly into each other's eyes... until Elisabeth turns abruptly on her heels and rushes for the door as fast as she can.

**140 EXT. STREET (DINRE AREA) - DAY**

**140**

Elisabeth returns home with a hurried step...

**141 EXT. STREET (ELISABETH BUILDING) - DAY**

**141**

...looking over her shoulder several times to check that she hasn't been followed when- BAM!

She violently slams into someone coming from the opposite direction. CLANG clang clang... A big biker's helmet falls to the ground and rolls away.

MALE VOICE  
 Fuck! Watch out!

Elisabeth, dazed and frantic, looks at the leather-clad guy who picks up his helmet and straightens up facing her: TROY.

She is so very stunned that she stays planted right there, staring at him.

TROY  
 WHAT?... You wanna mug shot?!?

Royally pissed, he gets on his motorcycle parked in front of her building, puts his helmet on and slams the visor shut: SHLACK! Elisabeth's haggard face is reflected in the mirrored visor.

He beeps his horn so she'll get out of the way.

TROY  
 HEY! MOVE!

She finally steps to the side and he roars off on his motorcycle, revving its big engine: VR00000000000000OM

**142 INT. APARTMENT / ENTRANCE - DAY**

**142**

Slamming her door shut behind her, Elisabeth leans back against it for a moment to gather her wits.

She stays for a long while this way, trying to channel all the thoughts and feelings jostling in her brain...

We can tell that her mind is racing (obsessively).

CUT TO:

**143 INT. WALK IN CLOSET - DAY**

**143**

POV FROM INSIDE THE CLOSET - SHLACK Elisabeth abruptly pushes all of Sue's clothing aside to reach her belongings at the very back in stacked-up boxes marked: ELISABETH'S OLD JUNK.

She opens different boxes and finally finds the one she is looking for: a box filled with her handbags. She shakes the bags upside down one after the other making the various forgotten objects fall out... coins, parking tickets, chewing gum... Ah! She finally finds what she is looking for: the torn piece of crinkled paper with FRED'S number on it.

Fred's smiling image appears superimposed:

FRED  
 You are still the most beautiful  
 girl in the whole wide world!

She holds the paper tightly against her chest, as if suddenly  
 this was the most precious of her possessions.

## 144 INT. LIVING ROOM - DAY

Elisabeth starts dialing the number, slightly nervous.

Behind the picture window, her eyes glance inadvertently at  
 the billboard.

CUT TO:

## 145 INT. BATHROOM - DAY

145

Elisabeth has "isolated" herself in the bathroom, sitting on  
 the closed toilet lid.

She dials the number. We hear the sound of the line ringing  
 and after a beat someone picks up.

FRED (O.S.)  
 Hello?

ELISABETH  
 (forcing a cheerful tone)  
 Hi Fred, it's Lizzie!

Silence.

Nothing. She is immediately shaken.

ELISABETH  
 ...Lizzie from tenth grade  
 homeroom?

Silence again.

ELISABETH  
 ...hello?

FRED  
 Sorry, I'm in shock... wow wow wow!

This reassures Elisabeth and makes her smile.

FRED

I thought I would never hear from  
you again after sharing my dumb  
toothpaste story...

ELISABETH

Oh no...not at all, it's just that  
I've been very... busy lately...

A beat.

FRED

I heard about your show... how are  
you dealing? It must have been so  
difficult...

ELISABETH

(faking confidence)

Oh no...You know, I kinda provoked  
it in a way... I felt like.. I'd  
seen and done it all... I needed to  
move on.

FRED

Oh... that's good to hear... so  
what are you up to now?

A beat. Elisabeth is still sitting on the toilet lid.

ELISABETH

I... I'm traveling... A lot. It's  
great - there is so much to see!  
One day here, the next there...  
it's a tad exhausting, though...

FRED

Oh wow...what an exciting life! I  
envy you.

A beat.

ELISABETH

So... I happen to be in town for a  
couple of days and... I thought  
maybe we could...

(moves her arm in a  
gesture of self-  
encouragement)

... go out and grab a drink? Or for  
a walk, or... you know, the little  
things that make life matter.

A beat. Long silence.

ELISABETH

Hello?

FRED  
Sorry I'm in shock again.

Another smile. A wider one this time.

FRED  
Like...to-

ELISABETH  
Tonight is perfect!

A beat.

ELISABETH  
Oh...did you mean tomorrow?

Clearly.

FRED  
Euh...Tonight is fine as well. I  
can book Luigi's at 8?

ELISABETH  
8 at Luigi's it is! See you  
tonight!

She hangs up. Her eyes are shining, cheeks are flushed, like a teenager who has been asked out on her first date.

#### **146 INT. BEDROOM - EVENING**

**146**

Lots of activity in the apartment. All the boxes have been taken out - clothing, shoes, accessories are scattered across the bedroom floor.

CUT TO:

A zipper is pulled up following the pinkish scar on Elisabeth's back... the scar disappears as the zipper glides up a beautiful moiré silk dress.

Elisabeth looks at her back reflected in the bedroom's tall mirror. Impossible to see the long scar underneath. Perfect.

From the front, the V-cut neckline flatters her pretty cleavage.

She slips on long black satin gloves that hide her problem finger and add a touch of glamour.

Thus prettily dressed, she looks at herself in the mirror... and is moved by her reflection.

For the first time, in a very long time, she seems to like herself again.

To once again feel that she's worth it...

**147 INT. BATHROOM - END OF THE DAY****147**

She finishes putting on her make-up and checks the clock. She grows increasingly nervous as the time to meet her date approaches.

A last touch of lipstick, and she looks at herself, satisfied.

She tidies her hair and flashes a smile in the mirror - the lipstick is becoming to her smile. Good.

Before leaving she goes to close the secret room's door... and catches sight of Sue lying on the floor in stasis.

Her healthy complexion...

Her well-defined, plump lips...

Elisabeth turns to the mirror, her expression a little gloomy...

She suddenly has the impression that her entire face has just sagged.

But she forces herself to pull it together.

She adds a bit of lipstick, another stroke of blush to make her cheekbones rosier.

A beat.

More blush.

She forces a smile as she looks at herself.

Good.

Takes a deep breath... And turns off the light.

CUT TO:

**148 INT. HALLWAY / LIVING ROOM - EVENING****148**

She walks down the hallway, grabs her coat and handbag... searches for her keys... sees them on the table in the living room. Walking over to the table she looks up and her eyes fall upon... the huge billboard outside.

PUMP IT UP

A suspended moment standing face to face with Sue's gigantic overly-sexualized body:

Her perfectly round, perky breasts.

Her luscious lips...

Her gorgeous shiny hair...

CUT TO:

**149 INT. BATHROOM - EVENING**

**149**

THE BATHROOM LIGHT TURNS ON - Elisabeth is back in front of the mirror.

A harsh expression as she contemplates her face: this won't do at all.

She pulls up the fabric on her dress to hide her cleavage which all of a sudden can't even compare. She throws a wrap over her shoulders to cover it.

And the lipstick is all wrong. She takes it off and puts on another.

She adds more blush. Brush strokes to her cheekbones, in an increasingly aggressive fashion.

She lets her hair down.

No, she puts her hair back up.

Ok.

More blush and a forced smile as she looks in the mirror.

She checks the clock, this time she really needs to get going.

She takes a deep breath to boost herself...

Good...

And she turns off the light.

BLACK

**150 INT. CORRIDOR / ENTRANCE / LIVING ROOM - EVENING**

**150**

Walking down the hallway, she forces herself not to look in the living room... but just when she is about to open the front door...

Her face tenses... she is struggling as she is about to grab the big, round metal doorknob... where we discover that she can see her reflection.

She tries to disregard the distorted hamster face that is reflected by the metallic sphere.

Behind her the billboard looms... as if she could sense it even with her back turned: all that fresh collagen, that body overflowing with perfection...

She tries to stay strong... her eyes shut tight to not see her reflection as her hand approaches the doorknob...

CUT TO:

**151 INT. BATHROOM - EVENING**

**151**

Elisabeth in front of the bathroom mirror; a dour, accusatory look in her eyes as she looks at her reflection:

Disgusting.

She uses a cotton pad to wipe the lipstick off her face with a slow and harsh gesture, smearing it onto her cheek like a bloody gash.

**152 INT. BEDROOM - NIGHT**

**152**

Elisabeth is sitting in her bathrobe on the bed, her make-up removed and her hair down, her skin reddened from repeatedly putting her make-up on and taking it off.

We see her from behind, slightly stooped, facing the window.

Outside, the HUGE palm tree.

Its CRUSHING VERTICALITY.

On the night table, her telephone lights up with a slew of messages from "FRED" who has visibly been trying to reach her for some time.

FADE IN:

## 153 INT. LIVING ROOM - NIGHT

153

The living room plunged in darkness. A faint, flickering light from the television.

From behind the big armchair, we see Elisabeth's hand on the armrest.

A long moment on the TV, with its endless babbling...

(off we hear the neighbor  
knocking at the front  
door t: "Birdy? Birdy  
Sue?")

Then, after a long while, the bathrobed figure gets up and crosses the living room, dragging her feet.

## 154 INT. FRIDGE / KITCHEN - NIGHT

154

POV FROM INSIDE THE REFRIGERATOR - THE DOOR OPENS: we see the bathrobe standing in front of the shelves filled with food. Not moving.

In the foreground, a roast chicken amongst other groceries.

The exasperating sound of the TV echoing from behind... Then the bathrobe grabs a plate with leftover quiche and closes the door, making everything go: BLACK.

CUT TO:

## 156 INT. SHOWER - DAY

156

THE SHOWER HEAD SPITS OUT its powerful stream of water on...

SUE.

A long moment during which she revels in the gush of hot water.

The pleasure she exudes being back inside her body, enjoying her shapely self that awakens with the hot water.

While lathering, she seems to feel something on her buttock...

She twists around to look at her butt cheek.... She lightly presses on it with her hand... which reveals... a small bulge under the epidermis surrounded by unsightly orange-peel looking cellulite that mars the skin... what the f...? She lets go... and the bulge disappears... Her skin is smooth and immaculate once again. She presses on the spot... but it's gone...

She waits a moment... then runs her palm over her butt, pressing on the area again... but everything is all right.

CUT TO:

**157 INT. BEDROOM - DAY**

**157**

Wearing a towel, we follow her into the bedroom.

She grabs her clothes, sits on the bed - and SPRINGS BACK UP immediately like a jack-in-the box. She felt something.

She brushes her fingers over her butt cheek and stands in front of the bedroom mirror, contorting herself to look at her buttock... but no, there is nothing. She stands in front of the mirror for a long while to check. Everything is ok.

Her impeccably shaped backside.

**158 EXT. STREET (GLAM & POP) - DAY**

**158**

We follow Sue from behind, walking with a lively step.

Everything is hot. Colorful. Enhanced.

She checks her ass in the mirror.

Impeccable.

We follow her onto the soundstage.

161 INT. TV STUDIO / PUMP IT UP SHOW - DAY

A last glance at her ass to make sure she looks all right.

Perfect.

She places herself center stage among the dancers.

Everybody is ready to start taping the show.

The cameramen are in place.

The assistants.

The control room.

ASSISTANT DIRECTOR - PUMP IT UP SHOW

Ready Sue?

SUE  
(big smile)  
Ready!

ASSISTANT DIRECTOR - PUMP IT UP SHOW

Ok, places everyone. Silence.

(counting down with her  
fingers)

3... 2... 1...

Cameras on - recording.

Sue's face IMMEDIATELY FLASHES HER GREAT BIG TOOTHY SMILE

SUE  
Hi everybody! I'm Sue and it's time  
to pump it up! Are you ready? LET'S  
GO!

The music starts.

Don't you know pump it up...

you've got to pump it up...

She goes right into her routine, accompanied by the dancers  
to the rhythm of the fast-paced music.

Cameras traveling behind the group catch their backsides contracting to the music.

Endless smiles and aerobic routines one after the other.

SUE  
Come on now... STEP! STEP!

Sue seamlessly leads them through the choreographed sequence.

SUE  
NOW SQUEEZE THOSE BUTT MUSCLES and  
SQUAT! SQUAT!

Sue runs her hand over her butt to show the movement.

SUE  
SQUA...

She stops short, losing the rhythm; she's upset.

She felt something.

A pregnant pause. One by one, the dancers stop as well.

The cameras stop recording.

The music stops.

Everybody looks at her.

SUE  
I... I thought that...

She slides her hand over her butt cheek and discreetly looks at it.

There's nothing.

SUE  
Sorry I... something distracted me.

CONTROL ROOM VOICE  
Not a problem. Let's get right back to it.

Everyone gets back in place.

Sue anxiously slides her hand once again over her butt cheek - everything is okay.

Everybody gets back in their places. The assistant mouths the countdown:

3...2...1

Recording:

SUE

Hi everybody! I'm Sue and it's time  
to pump it up! Are you ready? Let's  
go!

The music starts.

Don't you know pump it up...

The soldiers begin the choreography.

You've got to pump it up...

Still the same rhythm, over and over.

Don't you know pump it up...

You've got to pump it up...

SUE

Come on now, STEP... STEP! CONTRACT  
THOSE BUTT MUSCLES!

Once again she puts her hand on her butt cheek to show the muscle she is working.

SUE

AND SQUAT! SQUAT! SQUAT! SQUAT!

Everything goes smoothly this time. She goes through the choreography of movements.

SUE

Come on now, KEEP IT UP! KEEP IT  
UP!

A long sequence where the series of movements are rolled out one after the other.

Don't you know pump it up... you've got to pump it up...

Don't you know pump it up... you've got to pump it up...

SUE

And bend over, head between your legs!

She bends over and sticks her head between her legs... Schlurrrp The bulge reappears, distorting her butt.

She abruptly straightens back up as if she'd been electrocuted... Fuck!

She loses her balance, almost falling over. A dancer catches her just in time. Everybody stops.

The music stops, again. The cameras stop.

This time everybody is a little bewildered.

Sue, dripping in sweat, discreetly checks herself out... everything is okay. What the fuck is going on?

SUE  
(increasingly stressed  
out)  
I'm sorry... I... skipped a step.

CONTROL ROOM VOICE  
Okay, everybody back in place, we  
can't afford to lose too much time,  
there's another show taping right  
after us.

The crew for the next show is already waiting backstage.

FLOOR RUNNER  
(to Sue)  
Can I get you something? Water?

SUE  
No, I'm fine, let's get right back  
to it!  
(motivating the troops  
and herself)  
Ok, third time's a charm, this is  
it!

Sue's stress level is rising as she feels everyone's eyes on her, watching for the next trip up.

Everyone gets back in position. The cameras. The assistant who gives the countdown. 3...2...1

Recording.

SUE  
Hi everybody! I'm Sue and it's time  
to pump it up! Are you ready? Let's  
go!

They start again from the beginning. The music is increasingly unbearable.

Don't you know pump it up...

You've got to pump it up...

Don't you know pump it up...

You've got t-

The music stops.

Yet everything was going fine this time.

Sue gives a questioning glance: what's going on?

She sees the crew bustling about... Someone is giving instructions through a walkie-talkie. The info is passed from person to person, walkie-talkie to walkie-talkie.

ASSISTANT DIRECTOR - PUMP IT UP SHOW

Sorry, it's the control room now.

(listening to her  
piece)

The director says he saw something bizarre on the monitor. He has to check it out.

(listening to her  
earpiece)

Which one?

(to the stage hands)

Bring up the replay on camera 2!

Sue turns and sees that it's the camera... that is just behind her ass.

Her stress level is rising... she pulls down on her leotard bottom to better cover her ass, but the cut of the fabric just won't allow for it.

Sue keeps her back close to the wall so that nobody can see her ass in case the bulge returns.

They have started the replay: on a giant screen at the back of the scenery, images of the troupe rewind at top speed, making them look like ridiculous little marionettes shaking their legs and asses.

SUE

Can I have my dressing gown?

SUE'S ASSISTANT

...sorry it's in your dressing room...

SUE

(in a burst of anger)  
Well, then GO GET IT!!!

The video comes to a close up shot of Sue's ass.

She's increasingly nervous as the control room gives the time code for the problematic frame while everyone is watching her ass, frame by frame on the giant screen...

Sue's assistant finally returns with her cover up, which she throws on nervously before suddenly rushing down the hallway.

SUE  
I need a 5-minute break.

**162 INT. TV STUDIO / BACKSTAGE HALLWAY. DAY**

**162**

We follow her as she walks with a hurried step down the long hallway.

**163 INT. TV STUDIO / DRESSING ROOM - DAY**

**163**

She comes to her dressing room, shuts herself inside and looks in the mirror.

Slowly, she lifts the fabric of her leotard to discover... the bulge which has returned to the same spot as in the shower earlier... but bigger and uglier this time.

What the hell...

It's like an internal growth that is deforming her butt cheek... as though something were stuck under her skin.

She lightly presses on the bulge and realizes that she can... move it... she pushes and palpates all around it... and with a small suction noise the bulge starts slowly moving under her skin - up her buttock and towards her waist.

FLOOR RUNNER (O.S.)  
(softly knocking on the door)

FLOOR RUNNER (O.S.) FLOOR RUNNER (O.S.)  
Sue, do you want some coffee or something?

She doesn't even answer. She is completely obsessed with the mass under her skin, which she pushes between her fingers sliding it around.

...the fatty lump moves slowly under her skin towards her waist...

she pushes it again, guiding it around to her stomach...

...leading the fatty lump to her belly button.

As the bulge approaches the skin under her belly button, she starts to see something in the center of her belly button... a sort of... like the end of a... she sticks her two fingers into her belly button to try and grab... sticking her fingers further in, she spreads apart the sides of her belly button in order to dig deeper to try and grip the end of whatever it is... she grabs the end and starts to pull it out... discovering little by little... an oblong shape that she slowly extricates... it's a...

...ROASTED...CHICKEN DRUMSTICK... dripping with grease that she slowly extracts from her belly

with an icky slimy

sound:SLUUURPUH!!!!

AND HER BELLY BUTTON CLOSES BACK UP LIKE AN ANUS WITH A SUCTION NOISE!!!

**164 INT. SECRET ROOM - NIGHT**

**164**

AHAAAAAAA...AND SUE WAKES UP WITH A START!!!!!!

SWEATING BULLETS IN THE SECRET ROOM

FUCK!

The matrix in stasis is lying on the floor at the other end of the switch pipe next to her.

Sue is bathed in sweat. She checks her stomach... her ass... both are impeccable and perfect, trying to regain her wits as this horrible nightmare fades.

WHAT A MINDFUCK... A goddamn mindfuck...

She throws an accusatory look at Elisabeth who is on the floor, and we follow her...

OMITTED

**165 INT. HALLWAY / LIVING ROOM - NIGHT**

**165**

...as she goes down the corridor.. Entering the living room she stops... and stares at something that is right in front of her.

Close up low angle shot that shows the anger rising in her harsh eyes...

In reverse angle we see what she is staring at...

A BIG CHICKEN CARCASS entirely picked to pieces on the coffee table. Chicken bones and potato leftovers smeared on a plate. An empty pint of ice cream. Chocolate bars recklessly munched down to the last square.

She looks at the deeper imprint left on the big armchair...

Traces of greasy fingerprints on the TV remote control.

Big slippers left on the carpet.

She totters a little and sits in the armchair to collect herself.

Fuck, what a total lack of control...Revolting...

She nervously rubs her belly, thighs, hunching over, sticking her head between her knees.

We can sense how much it disgusts her that she is increasingly letting herself go as Elisabeth.

Sue abruptly grabs the plate and walks out of the living room.

#### **166 INT. GARBAGE - NIGHT**

**166**

LOW ANGLE SHOT FROM INSIDE THE TRASH CAN WHICH OPENS revealing Sue's face. She throws all the leftovers down - the chicken bones and the chicken rain down and cover the camera.

#### **167 INT. SECRET ROOM - NIGHT**

**167**

Sue tips the matrix over onto her side.

As she sticks the long needle into her back to fill seven new vials, her eyes focus on details of Elisabeth's body...

Her gnarled and deformed finger, covered in grease.

The long scar that snakes up her spinal column.

She finds this body increasingly ugly.

Fabby.

Unattractive and USELESS.

CUT TO:

**168 EXT. STREET (GLAM & POP) - DAY**

**168**

THE GREEN PALM TREES that pass by like KNIVES SKEWERING the BLUE sky.

We follow Sue walking briskly while on the phone.

The piercing sound of the line Bri-iiing Bri-iiing

Yes?

SUE  
THIS BALANCE IS NOT WORKING!

Her gait is agitated and she seems to be looking for reassurance in the eyes of others as she passes them by.

SUE  
Why do we have to keep it even?! I mean, we clearly don't have the same needs! I barely have the time to enjoy myself while SHE wastes seven days STUFFING HER FACE in front of the TV!

Remember there is no she and y-

She hangs up on him. F...! And represses the impulse to bash her phone against the pavement.

CUT TO:

**169 INT. TV STUDIO / SUE'S DRESSING ROOM - DAY**

POV FROM INSIDE A LOCKER IN THE DRESSING ROOM. THE LOCKER

DOOR OPENS - Sue finishes getting into her leotard, appearing increasingly pensive and perturbed.

**170 INT. BACKSTAGE HALLWAY - DAY**

**170**

We follow her from behind walking towards the studio.

**171 INT. TV STUDIO / PUMP IT UP - DAY**

**171**

She opens the door energetically:

SUE  
Hello everybod...

NO ONE IS THERE.

THE SET IS EMPTY. THE LIGHTS ARE OUT.

A wave of panic sweeps over her face.

She sees a STAGEHAND putting away the last cables.

SUE  
What's happening? Where is everybody?!

STAGEHAND  
The taping has been cancelled.

SUE  
What?! Why?

MAN'S VOICE (O.S.)  
Sue?

Startled, she jumps and turns towards a FLOOR RUNNER standing behind her with a serious look on his face.

FLOOR RUNNER  
Harvey wants to see you in his office - immediately.

Sue is increasingly shaken...

SUE  
I... I'll go change and-

FLOOR RUNNER  
He said NOW.

**172 INT. HARVEY'S OFFICE - DAY**

**172**

Sue arrives in the office.

Harvey's armchair is turned towards the plate-glass window; we can only see the imposing back of his chair.

The three men in suits are there, staring at her. One of them is sitting on the couch. Another is leaning on the corner of Harvey's desk. The third stands by the plate-glass window.

Harvey swivels around to face her:

HARVEY  
We've discovered your little secret.

Dead silence.

HARVEY  
I couldn't believe MY EARS!  
(staring right into her eyes)  
ELISABETH SPARKLE?!!

SUE  
Listen I-

HARVEY  
You can't actually be living in ...  
(weird grin)  
.ELISABETH SPARKLE'S APARTMENT??!

Sue's face...

HARVEY  
It's too much of a coincidence! I sack her and BAM! Here she is again trying to stick her foot right back in the door!  
(he chuckles)

An enormous burden is lifted from Sue's shoulders, relieved that it's "only that..."

SUE  
Uh...yes we...we briefly met when she was moving out of town... she asked me if I was looking for a place to rent... which I was so... there you have it.

Silence.

HARVEY  
Oh she left town?... where did she go?

A beat.

SUE

Uh.... . . . Costa Rica I think.

A long silence.

One of the men in suits.

SUIT #1  
It's great for taxes.

Silence.

Harvey raises his eyebrows with a grunt of approval before slamming his two hands down on his desk.

HARVEY  
ANYWAY! That's not why I wanted to see you.  
(suddenly very serious)  
I'm going to get straight to the point: we can't keep you on the morning show.

Dead silence. Sue can't breathe.

SUE  
But WHY?? I've j-

HARVEY  
Ratings are through the roof.

A beat. Lost. Sue's emotional roller coaster is palpable.

HARVEY  
We started at 42. We're now at...  
(he gestures to one of the men)

SUIT #2  
216.

HARVEY  
That's phe-no-me-nal. We've never seen such figures in all the network's history! PEOPLE LOVE YOU!  
THEY ADORE YOU!

Sue, suddenly overcome with emotion...

HARVEY  
That's why we've decided we want you to host... THE NEW YEAR'S EVE SHOW.

A beat.

SUE

...you mean... The...

HARVEY

...network's biggest show! 50  
million viewers... LIVE. You can't  
get any higher ...

HARVEY HARVEY

(a beat with a glassy  
look in his eye)

Well, except if you die... then  
you'd go...

(he gestures towards the  
ceiling)

A beat, as if behind his glassy eyes he were suddenly engaged  
in a deep metaphysical reflection... then he abruptly comes  
back to the point:

HARVEY

Anyway, I'm taking a huge gamble on  
you and these men can tell you I  
talked you up to the shareholders  
'til my last drop of saliva,  
convincing them this is the way to  
go. It's going to be intense. We  
have only a few months to pull it  
off, but I know we can do it.

(to Sue)

So? What do you say?

A long beat on Sue.

HARVEY

Are you in?

Sue's gleaming eyes...

BLACK

**173 INT. SECRET ROOM - NIGHT**

**173**

For a long moment.

Then a ray of light appears through the gap of a door that  
slowly opens...

And Sue's head appears in the gap.

We are inside the secret room looking towards the door.

A long moment on Sue who looks inside the room with shiny eyes...

We can feel her inner dilemma...

Then she walks into the secret room and slowly kneels down behind Elisabeth's back.

A beat...AND HER MANICURED HAND clips one of the empty vials onto the puncture syringe... AND LIFTS UP THE BANDAGE - revealing the slightly swollen puncture site.

SUE

If you don't open the door when opportunity knocks, you won't get another chance...

AND SHE SLOWLY PUSHES THE LONG NEEDLE into the puncture site...

SUE

You of all people know this...

Elisabeth's pupil slightly flinches while the needle slowly drains the liquid.

BLACK

**174 INT. SECRET ROOM - DAY**

**174**

A long silence.

And the ray of light appears again.

Sue, in a new outfit, once again appears in the half-opened door.

We can see several empty vials strewn on the floor, next to Elisabeth.

She hesitates before entering stealthily.

SUE

Just one more. Then I have a week off, and we can switch.

THE MANICURED HAND lifts up the bandage - the skin has visibly grown even more swollen at the puncture site.

We can tell that Sue feels increasingly uneasy. She manipulates the Matrix with growing disgust.

Jabbing the needle into the swollen skin is a little more difficult.

BLACK

A long beat...

**175 INT. SECRET ROOM - DAY**

**175**

AND THE DOOR OPENS AGAIN...

and Sue walks into the room in a new outfit...

She takes off the bandage - there's a little pus oozing from the puncture site, which is now infected.

(there are more and more  
empty vials strewn across  
the floor)

She clips on an empty vial.

We can tell that she is increasingly terrified by what she sees and also feels guilty... but she can't help it.

SUE

I've got some amazing news...  
(kneeling behind her)  
We are doing the cover of Vogue!

She fiddles with it, making circular movements to try and dig a way through the inflamed flesh on Elisabeth's back.

SUE

It's just one more day, it's not a  
big deal...

FADE IN:

**176 INT. BATHROOM - DAY**

**176**

THE EMPTY, STILL BATHROOM, where we can only see the door to the secret room open ajar.

Then we hear a big breath being taken: AHAAAAAAAAAAAAA

A long silence.

And a bloodcurdling scream tearing through the secret room:

ELISABETH (O.S.)  
NOOOOOOO.....

## 179 INT. SHOWER - DAY

179

THE SHOWER HEAD SPITS OUT its powerful stream of water on...

ELISABETH. A dazed look in her eyes as she stares at the ground.

REVERSE ANGLE ON THE SHOWER FLOOR where we see the water streaming over... ONE OF HER LEGS THAT HAS AGED TERRIBLY.

Varicose veins crisscross her leg, protruding under the parchment-thin wrinkled skin reaching all the way to her groin.

She brushes a lock of hair behind her ear, uncovering a swath of atrociously aged skin around her right eye, like a black eye made of wrinkles.

The water falls on her back where the swollen and infected red area around the puncture site has grown larger, her spine stooped by her vertebrae's twisted alignment.

Leaning her palm on the wall for support, we discover that her entire right hand has aged all the way up to her elbow.

ELISABETH  
Not a big deal??....THIS IS NOT A  
BIG DEAL????!

The sound of the phone ringing which grows increasingly louder as if it was going to FUCKING PIERCE OUR EARDRUMS.

Bri-iiing...

180 INT. KITCHEN - DAY

180

THE ATROCIOUSLY OLD FOOT WITH ITS HARDEDNED YELLOWED NAILS paces back and forth.

Bri-ing Bri-iiing

On top of the table is the Vogue issue with SUE, ALL SMILES ON THE COVER:

THE RISING STAR

Bri-ing Bri-iiing

Yes?

Elisabeth, ready to burst, stuttering in her haste:

ELISABETH  
SH-SHE D-DID IT AGAIN!!!! She  
winces from the violent pain  
shooting up her back.

ELISABETH  
The...the...GROWTH... - cause if  
I'm the matrix what came out of me  
can only be called the GROWTH! THE  
GROWTH didn't respect the balance.  
AGAIN. SHE'S STEALING MORE AND MORE  
TIME FROM ME completely  
disregarding the consequences. She  
is irresponsible! She is totally  
short sighted! Sh-SHHA-SHHA...  
She angrily throws the magazine.

ELISABETH  
...SHHHHALLOW AND SUPERFICIAL!!!!  
A beat.  
If you don't want extra time you  
simply have to stop taking it.  
Elisabeth makes a dreadful grimace,  
closing her eyes, struggling  
against her impulse to implode.  
ALL DECISIONS ARE YOUR DECISIONS.  
You're simply making them from  
different sides of yourself.  
Everything is getting all too  
Kafkaesque...

Would you like to stop?  
Elisabeth is taken aback.

ELISABETH

...Stop?

You are the Matrix. Your other side depends on you to survive but you don't. If you are not satisfied, you can put an end to the experience whenever you want, and go back to being just you on your own.

A moment of silence. Then again, like a mantra:

Would you like to stop? To go back to being just you on your own?  
Elisabeth seems lost...wrapping her bathrobe tighter around herself.

ELISABETH

Will...will everything return to what it was before? I mean... as I was before?

We feel all of her vulnerability as she waits for the answer.

The line crackles.

What has been transferred won't come back.

We have made that clear already.

But you can stop the experience as of now.

A beat.

Would you like to stop? To go back to being just you on your own?

Her eyes fall upon her horrifically aged leg... then look beneath her bathrobe, towards what we imagine must be left of her breasts...

ELISABETH

NO!...no no no...I don't want to stop...

(she pulls the fabric of her bathrobe tighter around her body)

I can't stop... I can't stay LIKE THIS... SHE has to- (She gives herself a SMACK!)... "I" have to- (SMACK! Another slap!) THE BALANCE HAS TO BE RESPECTED!!

A long beat. The line crackles.

So respect it.

A beat.

We see her back droop.

Let us know if you need anything else. We will be happy to answer any of your requests. We are at your disposal.

The line goes dead.

Elisabeth remains slumped over the table.

We can see her stooped back shaken by little hiccups as she starts sobbing.

THEN: When you're smiling, when you're smiling...

It's Sue's telephone, the Louis Prima ring tone a glaring reminder of how tragic things have become.

...the whole wooooorl smiles with y-

Her twisted finger pushes a button to send the call direct to voice mail.

She stands with difficulty and starts walking away... ping!... she stops... a beat... she turns around and sees the voice mail notification. She hesitates... and can't stop herself from going back to listen to it.

ALAN (V.O.)  
SUE!! Holy fuck?! Are you sitting down? Please go sit!

She lets herself fall back down into the chair like a sack of potatoes.

ALAN (V.O.)  
Are you ready to hear this? Ok this is huge. TOM GRANT wants you in his next movie! YES, YOU HEARD ME RIGHT. TOM FUCKING GRANT. He saw you on the Vogue cover this morning and he's DYING to meet you. CALL ME AS SOON AS YOU GET BACK.

A beat.

And then suddenly she gives herself an enormous slap: SMACK!

ELISABETH

STOP IT!

SLAP! Another.

ELISABETH  
YOU HAVE TO STOP IT!

SLAP!

SMACK!

SLAP!

SHE HITS HER HEAD REPEATEDLY WITH HER FISTS AS THOUGH THAT WOULD MAKE THE MESSAGE ENTER HER BRAIN ONCE AND FOR ALL.

ELISABETH  
STOP IT STOP IT STOP IT...

The small note "it changed my life," hanging on the wall...

BLACK

FADE IN:

**181 INT. LIVING ROOM - EVENING**

**181**

The silent apartment plunged in darkness.

IN THE LIVING ROOM we see Elisabeth from behind huddled up in the big armchair.

The TV is on, but she isn't even watching.

She sits silently for a long while, staring into space.

Then something changes in her expression... as though she has seen something that caught her attention in the bookcase facing her.

She tries to get up but her aged leg won't straighten... she is stuck in the big armchair.

A beat. She looks at her severely deformed knee.

Stiff and swollen with arthritis.

She remains in place, staring... tries again to unbend her leg... we see the intense effort this requires... but her knee, ravaged by arthritis is blocked in a bent position.

Elisabeth's expression is increasingly harsh as she focuses on trying to unbend her knee...

She grabs her leg with both hands, trying to force it straight...but it won't budge...

She pushes harder, harder... She grits her teeth... her expression betrays increasing agony as she relentlessly tries to force the knee to unbend...

CRAAAACK - Her kneecap dislocates finally unbending AAAAHHHHH-a scream of victory and pain.

She does as best she can to push her deformed body to get up - her dowager's hump is larger and painful, and there's a stain made by the oozing pus on her bathrobe in the area of the puncture site.

She limps all the way to the bookcase, leaning on the shelves to catch her breath, as though she had just run a marathon.

Then her arthritic hand grabs something forgotten that is stuck between two books: Harvey's departure gift.

She looks at it. Harvey's chubby smiling face appears superimposed on the wrapping paper.

#### HARVEY

To keep you busy. It's French. My wife swears by it!

The gnarled fingers tear off the wrapping paper revealing a thick book of recipes:

FRENCH CUISINE from A to Z

26 recipes from the greatest French chefs!

On the cover is a very hefty looking CHEF WITH RED CHEEKS and a great big smile.

She has to get very, very close to the page to see it as her vision has gotten much worse. She leafs through the pages of recipes accompanied by full-size pictures of the dishes:

TV HOST  
 It all started with the morning show... rumor has it that you are up for Tom Grant's next movie... and ...just a minute... I'm just being told that you have been chosen to host the NEW YEAR'S EVE SHOW!! Can you confirm this?

SUE  
 Yes that's right.

The audience applauds.

ELISABETH'S VOICE (O.S.)  
 (mimicking Sue's nasal voice)  
 "Yes that's right"

EXTREME CLOSE UP on the thick, greasy melted cheese that is slowly poured onto a plate like molten lava...

Elisabeth is pouring the aligot to look exactly like the photo in the recipe book.

She is in the kitchen surrounded by piles of dirty dishes, the cook book open on the stained and greasy counter, as she navigates between different recipes that she is cooking at the same time.

TV HOST

WOW WOW WOW THIS IS BIG NEWS! I  
can't wait to find out what you are  
cooking up for us!

184 ELISABETH TURNS A PAGE SHLACK!

BRISSAC BLOOD SAUSAGE WITH APPLES  
(he encourages the  
audience to applaud. Sue  
laughs, flattered)

Elisabeth leans over the book getting as close as possible to  
read the recipe.

TV HOST  
So tell us a little about yourself.  
Where are you from? How did you get  
discovered?! I want - WE want to  
know EVERYTHING!!

HISSSSSSS TWO BLOOD SAUSAGES LAND IN A SAUTE PAN making the

SUE  
(playing demurely with  
the audience)  
Oh, there's not very much to tell,  
really... I'm just a girl from a  
very small town in... Indiana.

As the oil gets hotter it pops and splatters in the pan.

Elisabeth wipes her brow on her forearm.

SUE  
I'm sure you've never heard of  
it... in fact, it's not even a  
town... I'm not really sure you  
could even call it a village... A  
farm perhaps? (She laughs with the  
public).

Elisabeth mocks Sue's shrill laugh while she deglazes the pan  
in a CLOUD OF SMOKE HISSSSSSS

SUE

INSERT - the GNARLED FINGER follows across each line of directions in the cook book: eviscerate the turkey.

TV HOST

How sweet... So everyone is aware  
that you replaced Elisabeth Sparkle  
and no doubt about it you stepped  
in, turned up the volume and ROCKED  
THEIR WORLD! (the audience cheers)  
Were you a fan of her show?

Elisabeth puts the chicken on the table and pauses - she's attentively listening to Sue's answer.

SUE

Well, I can't really say I actually  
watched her show because... well  
you do know that we're not exactly  
the same generation... (everybody  
laughs)

Utter disbelief on Elisabeth's face. HER FINGERS TENSE AND FREEZE ON THE TURKEY SKIN.

SUE

...And you have to admit that it  
was a bit old fashioned - Jurassic  
Fitness really - it needed a  
change...

**186 ELISABETH VIOLENTLY SHOVES HER HAND INSIDE THE TURKEY'S INNARDS IN RETALIATION.**

186

ELISABETH  
"Jurassic fitness"...

She pokes around the turkey's cavity...

ELISABETH  
I'll fucking show you Jurassic  
fitness.

Pushing and pulling, poking and thrusting, she finally pulls out the giblets - SPLOTCH!

SUE

...But my mother was a huge fan of hers. Every morning, rain or shine, "Sparkle your life" was on TV.

She breaks a series of eggs on the rim of a big glass bowl. They land at the bottom : all of these egg yolks side by side as though they had multiplied themselves... making for a strange reminiscence...

SUE

So in a way I grew up with her - whether I liked it or not!  
(laughter from the audience)

I guess that's why I can say we have some sort of connection.

ELISABETH

"Some sort of connection?!"

ZZZZZZZZ She grabs the electric beater as though it were a chain saw.

ELISABETH

Without ME YOU DON'T EVEN EXIST!!!

ZZZZZZZZZZZZZ Elisabeth savagely destroys the egg yolks which splatter her bathrobe.

TV HOST

Goodness yes, and WHAT A CHANGE!

Elisabeth shuts off the beater and catches her breath.

TV HOST

...And now for our final question, the one we ask each and every one of our guests...Would you share one of your little beauty secrets with us?

All of a sudden, Elisabeth darts in a hurried limp over to the TV, placing herself right in front of it.

TV HOST

One little trick of yours that helps you look so incredibly stunning! I mean just look at you!

ELISABETH FACES THE SCREEN as if the TV Host was speaking directly to her, in her dirty grease and egg yolk-stained bathrobe. On the talk show, Sue pauses before answering him:

SUE  
Oh... let me think...

Elisabeth points an accusatory finger towards Sue like a preacher in a trance.

ELISABETH  
SAY IT!

TV HOST  
(as an aside)  
We won't tell anyone... (laughter  
from the audience)

ELISABETH  
SAY IT!!  
(facing the tv, opening  
her arms in a wide  
exaggerated gesture,  
waddling back and forth)  
Go ahead, show them your little  
secret!

We see Elisabeth's face grow increasingly somber as she listens...

SUE  
I guess it's that I just try... to  
be myself... to be sincere and  
grateful for all that I have and to  
alway-

SPLAT! AN EGG HAS JUST BEEN THROWN AT THE SCREEN.

SPLAT! AND NOW A TOMATO!

THE VISCOUS YELLOW YOKE AND BLOOD RED PULP DRIP DOWN OVER  
SUE'S PEARLY WHITES.

Elisabeth is looking at the billboard outside, she grabs a newspaper, takes out a page and BAM! She slaps the paper on the window, right over its wide-smile of a mouth.

THE LONG DARK HALLWAY at the end of which we see the bathroom. Elisabeth, wearing Sue's silk bathrobe, paces back and forth in front of the mirror, making faces and mocking Sue's nasal voice and affected mannerisms. She simpers and gestures in an increasingly grotesque caricature:

ELISABETH

"I just try to be myseeeeelf... to  
be sinceeeeere and graaatefuuuul  
for all that I haaaaave..."

Facing the mirror, pointing her crooked fingers at her reflection.

ELISABETH

YOU'RE TAKING IT FROM ME!! That's  
your secret!! YOU'RE TAKING IT ALL  
FROM ME!!

SMACK! She gives herself a massive slap.

ELISABETH

STOP IT!

SMACK! Another

ELISABETH

STOP IT!

She pummels her head with her fists, growing increasingly violent.

ELISABETH

YOU HAVE TO STOP IT!!!

## 189 INT. LIVING ROOM - DAY

189

SUE (O.S.)  
 (HOWLING)  
 ...CONTROOOOOL YOURSELF!!!

SUE's harrowing howl which echoes all the way to the over-sized living room that we now discover in daylight.

The picture window has been covered with newspapers to hide the billboard outside.

So has the television.

Leftovers and poultry carcasses are everywhere, the walls are smeared with grease and sauces, dirty dishes overflowing in the sink... melted cheese on the floor...

A savage wreckage.

We see Sue, busy, nervously making her way through the different rooms, muttering to herself.

SUE  
 I can't go back inside her...

## 190 INT. SECRET ROOM - DAY

190

POV FROM INSIDE THE SECRET ROOM - Sue's feet going back and forth, carrying a variety of containers, glass jars and empty bottles that she gathers in the room.

SUE (O.S.)  
 I just can't...

She looks at Elisabeth's decrepit body stranded on the floor in her silk dressing gown.

The delicate silk material on that horribly old and disgusting leg...

SUE (O.S.)  
 She's GROSS...

She brutally rips the dressing gown off her - Elisabeth's head falls back down heavily on the tiled floor: THUD!

SUE  
 Fat...

With her foot, she pushes her over onto her side in order to reveal the inflamed, swollen, pus-oozing puncture wound.

SUE  
Old...

SHE VIOLENTLY RIPS OFF the bandage from her back.

SUE  
Disgusting.

She violently stabs the needle into her back and starts draining the fluid...

Draining...

Draining...

She fills up the glass jars and bottles one after the other...

The camera pulls back, towards the darkness as if the secret room was getting bigger, damper and more isolated.

BLACK

A LONG MOMENT OF SILENCE

Then a soft, damp, distorted and cavernous noise that grows louder.

As though marking the passage of time and decay in the dark room which seems to have sunk into oblivion...

Then a faint music, slowly growing louder...

FADE IN ON

A TV COMMERCIAL FOR THE NEW YEAR'S EVE SHOW (6 MONTHS LATER)

Flashy colors and lively voices:

Tomorrow 9PM don't miss Sue and her crew for an unforgettable New Year's Eve Show!!

CUT TO:

**191 INT. NYE FITTING ROOM - DAY**

**191**

The camera pans up A MAGNIFICENT PRINCESS DRESS IN TAFFETA, chiffon and rhinestones that sparkles gloriously.

Sue is in the fitting room.

Her hair is different, time has passed.

Her agent (Alan) is there, as well as Harvey and the whole gang of suits. Everyone is bubbling with excitement.

The STYLIST finishes lacing the corset up Sue's back.

STYLIST

...And there you go...I just have  
to take it in a bit here and here,  
otherwise we are all set for  
tomorrow.

Sue's emotion is tangible as she sees her reflection in the mirror.

HARVEY

The dress is WONDERFUL!! IT'S  
PERFECT! A real princess!

He takes the stylist to the side in the foreground.

HARVEY

And I was thinking... all the other  
dancers could have feathers  
sticking out of their asses.

Hesitation on the part of the stylist.

HARVEY

Well not "literally" in their  
asses... You know more like just  
above the... rump... like a tail...  
you know. It's New Year's Eve!  
People want to have fun. They want  
joy. Happiness. Feathers are  
joyful. They're fun.

STYLIST

Otherwise I planned on using lemon-  
colored short-shorts...

HARVEY

Feathers are more fun.

Discussion over. And Harvey starts to rally the troops.

HARVEY

Ok everybody out! Everybody needs  
to rest up for tomorrow!  
(to Sue)  
And especially you! You get your  
beauty sleep!

We discover the redecorated living room, plunged in darkness.

Everything is clean, zen and organized.

On the table is a magnificent bouquet of blossoming red roses in a large vase.

On the white note card placed next to it:

BREAK A LEG!

THEY'RE GOING TO LOVE YOU

Sue stands in front of the picture window facing a new billboard, where she's wearing her princess dress.

NEW YEAR'S EVE SHOW

TOMORROW 9PM

We see the silhouette of A MAN (30) appear from behind in the frame and wrap his arms around her.

BOYFRIEND  
You coming to bed?

SUE  
(smiles serenely at him)  
Yes, I'll be right there.

The man leaves.

After a moment, a slight tinnitus starts buzzing in her ears. Sue glances one last time at the picture window and the bouquet of roses.

**193 INT. CORRIDOR / BATHROOM / SECRET ROOM - NIGHT**

**193**

Then she calmly walks towards the bathroom (we can tell that this is a well-rehearsed routine), starts taking off her makeup as she enters the secret room (where we catch sight of hundreds of shriveled up IV bags and empty vials littering the floor like a junkie's den).

After a while she comes out with the syringe in which there is only a little thick brownish disgusting-looking fluid... what the fuck?!

With the tinnitus growing increasingly louder, we follow her...

**194 INT. CORRIDOR / LIVING ROOM / KITCHEN - NIGHT**

**194**

...hurrying back down the hallway in the opposite direction, frantically searching through the drawers in the living room, and finally finding the USB stick with the telephone number on it.

She locks herself in the kitchen so no one can hear her calling.

Bri-ing... Bri-ing...

Tap tap tap... her foot taps nervously on the floor...

Bri-ing... Bri-ing...

Pick up the fucking phone...

Bri-ing... Bri-i...

Yes?

SUE  
(whispering)  
Yes! Oh my god, thanks! This is an emergency... there is no more stabilizer fluid!

Silence.

SUE  
Hello?!

Silence

SUE  
(in a screaming whisper)  
...IT'S FUCKING 503!

Yes.

Ping... a drop of blood on the kitchen tile.

SUE  
I'm telling you this is urgent!!  
There's no more stabilizer fluid!

The phone line crackles.

It means you've reached the end.

A beat.

SUE  
What do you mean..."the end?"

The phone line crackles.

You've drained it all out. It's dry.

A beat.

If you want more, you must let the fluid regenerate.

Ping, ping, ping... the bleeding gets worse.

SUE

SO JUST TELL ME HOW TO DO IT!!!! I  
NEED TO STABILIZE MYSELF RIGHT  
NOW!!

You simply have to switch.

A beat. Total. Silence.

Sue freezes. As if someone had just asked her to stick her head in a bucket of shit.

SUE

Ex-cu-se me?

The switch reboots the fluid secretion process. So you can continue to enjoy the experience.

SUE

No no no no, I can't...  
(disgusted)  
..."switch".

Outside, the billboard:

NEW YEAR'S EVE SHOW

TOMORROW 9PM

SUE

AND ESPECIALLY NOT NOW!!

Ping, ping, ping, the bleeding is even worse, SUE'S POV : THE IMAGE GROWS DARKER AND HER EYESIGHT BLURS... She tries to regain her balance, reaching for a chair, but she misses and falls heavily to the ground.

There is no other option.

She tries to get up on all fours while her vision increasingly blurs.

SUE

No no no... PLEASE I JUST NEED ONE  
MORE DA-

The line goes dead.

On all fours on the kitchen tile, the piercing tinnitus drilling through her brain, she no longer has the choice... she gathers her last strength to get up but everything spins like a loop-the-loop... and she collapses again a bit further along in the living room.

She crawls, dragging herself through the hallway...

...all the way to the bathroom, using her last bit of strength to hoist herself up, grabbing onto the sink to try and reach the switch pipe on the shelf...which she grabs with the tip of her fingers... and collapses to the ground making all her beauty products crash to the floor in a loud SMASH!!

He is bare-assed facing the door.

BOYFRIEND  
 Sue? Is something wrong?  
 (he sees a few drops of  
 blood on the carpet)  
 ...a little cranky because of your  
 lady business?

203 INT. BATHROOM / CORRIDOR - NIGHT

203

ON THE OTHER SIDE OF THE DOOR the shot pulls back along a decrepit hand pushing against the door with all its diminished strength... the camera pulls back further along a bony and wizened arm... down a saggy breast that hangs like an old washcloth... arriving at a big deformed dowager's hump, going down a flabby, wrinkled and MILDEWED buttock, pulling out more to discover Elisabeth's entire decrepit hunchbacked figure like a Gollum, leaning back on the door with all her might.

TWO NAKED ASSES SEPARATED BY THE BATHROOM DOOR.

BOYFRIEND  
 Sue?!  
 (knocking at the door)  
 Sue open the door - it's not funny  
 I need to take a piss!

Elisabeth, petrified and mortified on the other side.

She turns her head towards the mirrored cabinet over the bathroom sink... it reflects a puny, wizened, dreadfully wrinkled old woman...

SLOW ZOOM IN on her heavily wrinkled face ... thin, stringy gray hair with bald spots... it takes her a moment to understand that this horrible old wrinkled thing whose eyes are reddened from conjunctivitis is...

BOYFRIEND (O.S.)

 Sue! Open the door!

Stark naked, he pounds on the door, louder and louder

BAM! BAM! BAM!

VERY SLOW ZOOM IN - WHICH SHAKES ON ELISABETH'S REFLECTION...  
 the knocking on the door emphasizes the horrific image she  
 sees reflected in the mirror... BAM BAM BAM!

And suddenly she starts screaming in a hoarse and cavernous voice:

He pauses for a moment.

ELISABETH

 door, screaming)  
 ALONE!!!!!!

ELISABETH ELISABETH  
 GET OUT OF MY HOME!!!! LEAVE ME

A horrible noisy phlegmy cough, she spits out mucous again.

BOYFRIEND  
 What the fuck!?

Finally, totally flipped out, the man rushes into the bedroom, grabs his things and takes off without a word, SLAMMING the door behind him. BAM!

**205 INT. CORRIDOR / LIVING ROOM - NIGHT**

**205**

Elisabeth opens the bathroom door and hurries down the hallway. She trips and falls like an old bag of bones. Gets up and goes into the living room where she rushes to the telephone.

Her gnarled and deformed fingers push on the phone buttons with great difficulty.

The line rings.

Yes?

She can't hear anything - and starts speaking super loudly like the hearing impaired.

ELISABETH

**206 INT. HALLWAY / LIVING ROOM - NIGHT**

Elisabeth has just pulled the huge framed photo of herself into the living room - her blue leotard and happy smile on her face, she props it back up against the wall. She looks at it for while.

**207 INT. LIVING ROOM - DAY**

**207**

Daytime now. Elisabeth feverishly finishes getting dressed: gloves, thick skin-colored tights, a shawl wrapped like a turban around her head, and oversized sunglasses. Bundled up in her yellow coat over her bathrobe, she wraps a blanket around her neck like a scarf, although outside the sun is shining brightly.

Sue's phone rings on the table. When you're smiling...When you're not. Elisabeth picks up.

ALAN (V.O.)

**215 INT. HALLWAY / LIVING ROOM - DAY**

**215**

The camera follows Sue's body at floor level as she is quickly dragged down the hallway. Her head violently bumps against a piece of furniture: BAM!

Elisabeth drags her into the living room right into the picture window's full light.

She brutally tears apart box 503 with her old, shaking hands and takes out: A BIG WHITE NOTECARD which reads:

We are sorry you didn't appreciate your experience  
with The Substance

With the note card is a small vial filled with a black liquid marked "TERMINATION" for an intra-cardiac injection.

She touches the spot where the needle needs to go into Sue's heart.

Holding the syringe, she lifts up her arms high above her and is about to...

Are you sure ?

Elisabeth jumps and looks around...

... before realizing that the voice is inside her head...

...Once you stop you can't go back...

Her eyes are more and more focused on Sue's chest going up and down peacefully...

You will simply remain on your own...

She shakes her head in order to keep her concentration...

But the voice inside her skull rings out even louder...

JUST ON YOUR OWN...

ELISABETH  
SHUT THE FUCK UP !!!!  
JUST ON YOUR OWN...

BAM! Elisabeth jabs the needle right down into Sue's thorax!

Trying not to waver in her determination, she presses slightly on the plunger to release a notch of the product.

CLOSE-UP ON THE SYRINGE AS IT SLOWLY BUT GRADUALLY EMPTIES.

Sue's heartbeat slows down:

Ba boom.....ba boom.....baboom...

AND SUDDENLY ELISABETH'S EYES FREEZE on something facing her... her eyes mist over... shining with tears... as we discover what she is looking at:

The note card sitting next to the bouquet of red roses:

"THEY'RE GOING TO LOVE YOU"

Tears well up in her eyes, they escape and roll down her cheeks... And suddenly Elisabeth wavers... collapses to the ground next to Sue, bursting into tears, letting all her pain come out.

ELISABETH  
I can't...I can't...  
I HATE myself...I need you..  
(shaking her)  
I need you!!!

She starts to panic, leans in very close to her face to try and make out any sign of breathing. Nothing.

She starts CPR on Sue.

ELISABETH  
(one two three four...)  
Forgive me I was out of my mind...  
(one two three four...)  
YOU're the only interesting part of  
me. You're the perfect one.

Blood starts to trickle then run out of Sue's nose.

No no no no...Elisabeth rushes into the bathroom to grab the switch pipe, hurrying back... she kneels down next to Sue.

ELISABETH  
WE HAVE TO GET YOU READY... THIS IS  
OUR BIG NIGHT!

She hooks up the switch pipe. The blood starts circulating...

But nothing happens.

ELISABETH  
C'MON!!! THEY'RE GONNA LOVE YOU!!

She removes the needle from Sue's arm... and BAM! She jabs it right into Sue's chest for an intra-cardiac injection, screaming:

ELISABETH  
C'MON!!!

The blood circulates AND SUDDENLY Sue's rib cage heaves in a spasm; she coughs blood up right on Elisabeth's face.

Taken by surprise, Elisabeth is completely lost.

She takes several steps back, shocked.

Sue's eyes are... OPEN.

So are Elisabeth's.

Completely rattled, Sue doesn't seem to understand what's going on.

They look at each other for a short moment, both frozen in disbelief.

Both of them are activated at the same time...

A long beat on the two women, staring at each other... they both seem to be trying to fathom each other's soul...

Sue sees the "termination" vial on the floor.

A suspended beat...

And all of a sudden Sue throws herself at Elisabeth... who dodges her in the nick of time and runs away inside the apartment. Elisabeth throws something right at Sue's face before running away from her again: fuck fuck fuck... she stumbles and gets back up again as fast as she can... Sue runs right after her.

Elisabeth grabs a trophy and tries hitting Sue on the head with it... but Sue ducks at the last minute, avoiding the object and violently disarms Elisabeth.

Suddenly, Sue runs right at Elisabeth, kneecapping her in the plexus, which sends Elisabeth flying right against her huge framed poster on the wall.

The fight between the two of them is UNBELIEVABLY VIOLENT.

Brutal. Carnal. Like a survival instinct pushed to its fullest.

Creator versus creature...

Sue runs for Elisabeth and starts to strangle her... throttle her... Elisabeth chokes... suffocates...

With her convulsing free hand, Elisabeth fumbles around, desperately searching for something... anything... and grabs a... lamp and BAM! She smashes it atop Sue's head.

An electric shock shoots through Sue who lets go. Elisabeth runs into the corridor... Sue runs right after her. Everything speeds up.

Elisabeth rushes...

**217 INT. BATHROOM - DAY**

**217**

...into the bathroom to hide. Her hand trembling as she locks the door. Sue tries to kick the door down.

Elisabeth searches for a weapon... something to block or defend... anything... she tries to push a large piece of furniture against the door to block it but too late... SUE KICKS the door down... BAM!

She punches Elisabeth who falls backwards - THUMP! Her head bangs violently against the edge of the earthenware sink - dizzy, she crashes down brutally to the floor...

She tries to come back to her senses but Sue is already upon her... she grabs her by the hair... picks her up and holds her in front of the mirror... they both look at each other's reflection for a moment before suddenly...THWACK! Sue smashes Elisabeth's face against the mirror... the mirror cracks and Elisabeth's eyebrow splits open... She doesn't have the time to do or say anything before BAM! She's slammed once again against the mirror.

Elisabeth tries to say something to her:

ELISABETH  
Stop... we are o-

But BAM! Sue slams her again against the mirror!! Again! And again! Soon, Elisabeth's mouth is so messed up that she can no longer talk - nothing comprehensible comes out. Sue is in a trance, entirely uncontrollable...

Elisabeth manages to free herself from Sue's grasp...

**218 INT. HALLWAY / LIVING ROOM - DAY**

**218**

...she crawls down the hallway and into the living room.

Sue catches up with her and gives her a final blow which sends Elisabeth flying through the room before landing on the glass coffee table which smashes into pieces.

Lying in the middle of the shards of broken glass, Elisabeth tries to wriggle to get up but her body no longer seems to respond... Sue now starts kicking her repeatedly, more and more furiously, each kick making Elisabeth jerk on the floor and cough up blood. SUE CAN NO LONGER CONTROL HERSELF. SHE'S KICKING HER MERCILESSLY... until a large pool of blood slowly starts to form around her on the floor... and Elisabeth's body finally stops moving: an irreversible stasis.

Sue looks down at the red liquid, as if hypnotized by it. She brutally seems to come out of her state of trance...

And realizes what she's done...

BACK TO THE SCENE INSIDE THE LIVING ROOM

Sue looks down fixedly at her bloody hands in the foreground above a blurry Elisabeth in the middle of a pool of blood in the background. (tinnitus starts up in her ear - it gets louder and louder right up to the end)

All of a sudden, we see all the panic, all the VULNERABILITY inside her eyes.

A long beat.

The phone rings. Like a robot Sue picks up the phone.

SUE

Yes?

ALAN (V.O.)

Sue? Is that you? I tried reaching you earlier, what happened?...

SUE

Oh nothing.... some practical joker or something...

ALAN (V.O.)

Oh, you're reassuring me. This is no time for nerves.

A silent beat.

She looks down at her closed fist... which is closed so tightly it is almost about to break the cartilage.

She slowly opens up her fingers...

And looks down... in the middle of her palm...

... at a TOOTH...

... Its bloody root...

She looks down at it...

And looks back up at the mirror again...

Slowly... very slowly... she opens up her mouth...

And discovers... a black hole right in the middle of her white teeth...

She stares for a long moment at her smile in the mirror's reflection...

And as if drawn by an irresistible urge to do so... she slowly approaches her fingers towards her other front tooth.

She pulls on it... and the tooth pulls away easily with a small sticky noise...

Her eyes widen...as she holds this new tooth in between her fingers...

And as if drawn by another compulsive urge, she touches a third tooth... which also detaches itself very easily...

Her eyes grow increasingly crazed.

Her toothless smile gets bigger and bigger...

Like the black holes of a harmonica.

A black hole into hell.

She stares down at the three teeth in the palm of her hand.

The enormous and bloody roots... It's as if her hidden dark side was suddenly coming to light.

Someone knocks at the door.

ASSISTANT DIRECTOR - NYE SHOW (O.S.)  
Sue?! Are you there? They need to  
see you on stage to set the lights

She looks down in terror at her teeth in her hand... then her face in the mirror...

Her eyes increasingly crazed and terrified, she attempts to articulate in a normal voice:

SUE  
I'm coming just a sec!

Blood drips into the sink. She bends over to make sure none of the blood stains her dress.

SUE  
I'll meet you there!

She tries to calm herself down for a moment... thinks...

And suddenly... an idea sparks to life in her eyes...She looks at her necklace and seems to have come up with an idea.

She rinses her hands and mouth, to get rid of all traces of blood.

... keeps her mouth shut tight... closes her fingers around the three teeth inside her hand...

A long beat on the tightly closed fist...  
 She takes a deep breath and...  
 ...opens the door.

## 227 INT. WINDING CORRIDORS - DAY

## 227

She walks quickly through the corridor with her head slightly lowered and her fist closed along her thigh, trying not to be noticed by anyone in the busy hallway.

HARVEY (O.S.)  
 HEY SUE! SUE!  
 SUE!!!

After a few moments she has no choice but to stop and turn around slowly.

She finds herself facing... HARVEY.

Behind him, a SWARM OF WHITE MEN in their 60s and 70s wearing suits.

HARVEY  
 Let me introduce you to the  
 shareholders! They've been dying to  
 meet you!

Sue stares at them... sweating...

Next to her thigh, her fist seems as if it's about to explode, her fingers clasping down on the teeth so tightly...

Harvey looks at her, frowning:

HARVEY  
 Everything ok?

Sue remains silent for a moment... Has he noticed anything?

She nods as if to say yes... her neck is drenched in sweat...

Harvey continues to stare at her for a long moment... until his face finally lights up as he erupts:

HARVEY  
 SO SMILE! THAT'S WHAT WE WANT  
 TONIGHT!

After a short moment as if frozen... Sue smiles, keeping her mouth tightly shut.

HARVEY  
 PRETTY GIRLS SHOULD ALWAYS SMILE!

A bunch of half naked, young dancing girls with big feathers on their rumps come walking down the corridor, which is enough to draw Harvey's attention away from her.

He follows the movement of the cute, little butts bouncing up and down towards the studio and prances about happily behind them.

HARVEY  
 OOOH... feathers feathers  
 feathers...

The shareholders turn and follow Harvey and the dancing rumps as well.

Sue makes the most of this moment to turn away and strides towards the dressing room.

She rushes over to the stylist's desk, searches through her work materials and takes out... a small tube of super glue.

She walks back to the bathroom.

**228 INT. NEW YEAR EVE / BATHROOM - DAY**

**228**

Locks the door shut.

She puts her teeth down on the sink and exhales out deeply, opening her mouth and letting a large quantity of blood gush out and into the sink in the process...

She stands feverishly in front of the mirror...

She takes a tooth in between her two fingers... pours a few drops of super glue on the root...

Shaky, she opens her mouth, lifts up her lip... approaches her tooth to the naked gum... and pushes the root of the tooth as deeply as she can into the gum... as deep as possible... remains still for a few moments...

Takes her fingers away...

It sticks.

Outside, she can hear everyone excitedly looking for her.

ASSISTANT DIRECTOR - NYE SHOW (O.S.)  
 Sue? They're waiting for you, we're running late!

She speeds up and does the same thing for the two other teeth...and glues in her smile.

She rinses her mouth several times until all of the blood disappears...

Smiles broadly in front of the mirror in order to make sure we can't see any evidence of the carnage which just occurred...

Takes a deep breath...

**229 INT. WINDING CORRIDORS - DAY**

**229**

... and opens the door with a big smile as if nothing happened.

She follows the assistant director into the corridor.

Everyone she sees throws words of encouragement at her.

ENCOURAGEMENT PERSON #1  
Break a leg for tonight!

A spider passes fleetingly in her field of vision.

...

A SPIDER PASSES FLEETINGLY IN HER FIELD OF VISION?

...

?

???

As she continues to follow the assistant on set, she rubs her eyes discretely... Fuck... no it's still there... This shit is preventing her from seeing properly (she rubs her eye which makes the thing move but part of its legs are still there)

She continues to smile and pretend that everything's ok, while a whole portion of her field of vision is darkened. The assistant's face seems to disappear into the spider's darkness.

It's just a motionless black shape which remains still in the middle of her line of vision, but it's absolutely TERRIFYING.

**230 INT. NYE SET - DAY**

**230**

She arrives on set. THE DOP and THE CAMERAMAN show her where to hit her marks on the floor. They tell her to "look here" or "look there" but she can't see anything with this fucking spider in the way.

The cameras film her smile but inside her head, it's a complete nightmare...

**231 INT. WINDING CORRIDORS - JOUR**

**231**

As soon as the fine-tuning is over, Sue runs off the set to the corridor...

**232 INT. ELEVATOR - DAY**

**232**

...and slips into the elevator.

Once inside, she hits the lobby button repeatedly... and the more she pushes the button nervously, the more she notices that... one of her fingernails is less and less lined up with her finger... the door closes, she pulls slightly on the fingernail which comes straight off and remains in her hand...(same thing for her two other nails)

She hears a little... splotch!

She looks down at the floor and sees... an ear...

A short beat, her eyes frozen, in shock, while staring down at the ear on the floor...

Her ear...

She's falling apart and into pieces...

The elevator grinds to a halt. Ding. Second floor.

As the door moves and starts to open, she barely has time to put her dress over the ear to hide it, while swinging her hair over her shoulder in order to cover the gaping hole.

**MAN ENTERING ELEVATOR**  
Ready for tonight ?

With the spider in her field of vision, she's unable to make out who's talking to her... Her hearing is affected. Sounds grow muffled. She can't understand anything of what THE PERSON is saying...

Ding. First floor. The person leaves muttering something completely incomprehensible. Ding. The door closes again. She hurries to pick up her ear and stuffs it inside her handbag.

Ding. Ground floor.

OMITTED

**233 EXT. STUDIO LOT ALLEY - DAY**

**233**

She hurries out of the building...

**234 EXT. STREETS (SPIDER DEAMBULATION) - DAY**

**234**

...and starts to head back home, walking as best she can through the streets between the pedestrians. The spider and macular degeneration have evolved and now hide 80% of her vision.

**235 INT. STAIRWELL - DAY**

**235**

SUE'S POV rushing up the stairs.

**236 INT. APARTMENT / HALLWAY - DAY**

**236**

Once back at her apartment...

**237 INT. BATHROOM - DAY**

**237**

...she hurries to the bathroom, searching through the closet until she finds... the small vial marked ACTIVATOR / matrix - where there is a little of the fluorescent yellow fluid left.

She takes off her dress.

CLOSE UP ON THE SYRINGE THAT FILLS UP WITH THE LIQUID...

SUE

(muttering to herself)

I just need a better version of  
myself...

Activator / single use / discard  
after use

...FILLS UP...

SUE

Please give me a better version of  
myself...

Activator / single use / discard  
after use

She tightens the tourniquet around her arm.

She sticks the needle into her arm.

Shaking, she injects the contents of the syringe.

A beat.

Which goes on.

Nothing. (Subjective POV: her view in the mirror is still blocked by the huge spider in her field of vision)

SUE  
C'MON!!!!

She closes her eyes and starts muttering a prayer.

SUE  
Please please please please...

All of a sudden, FLUORESCENT YELLOW FILLS THE SCREEN AND THE IMAGE SPLITS (as the camera drops to the floor)

SHE STARTS FEELING THE ABDOMINAL CRAMPS.  
(SHE FALLS TO THE FLOOR)  
Even more violent than the first time. Atrocious. Excruciating. She feels like she's dying. She screams.

Suction noises. The second pupil. The fluorescent tunnel. Subliminal images of anarchic cellular division (everything is stranger than before).

BLACK

A long silence.

Then the sound starts to return, only muffled...

A slightly wheezy breath.

The image comes back gradually.

Flickering like the batting of eyelids...

AT LAST THE SPIDER HAS GONE.

Thank God...

Sue turns her head to one side and sees...

SUE lying on the floor unconscious on the white tiles.

HER TRANSLUCENT SKIN AND HER BACK SPLIT  
OPEN.

It worked... Thank you God, thank  
you...

She approaches the sink... her  
vision is half blurry and it's  
difficult for her to focus...

And she then discovers in the mirror:

A MONSTROUS VISION... A BEING WITH A  
HYBRID FACE, SHAPELESS AND HIDEOUS...  
(CHAOTIC CELLULAR GROWTH / BODY PARTS  
PLACED HAPHAZARDLY AND IN ALL THE WRONG  
PLACES / TEETH STUCK IN HER CHEEKS AND  
IN HER CLEAVAGE)

The camera slowly tracks back...  
pulling behind her shoulder... and  
discovering stuck on her back:  
...AN OUTGROWTH OF ELISABETH'S FACE  
IN A FROZEN SCREAM, LIKE EDWARD  
MUNCH'S PAINTING.

We hear the casting director's voice that echoes in her head:

CASTING DIRECTOR (V.O.)  
Looks like everything sure is in  
the right place this time...

ASSISTANT CASTING DIRECTOR (V.O.)  
Please state your name/ age /  
measurements.

SUE (V.O.)  
I'm... I'm...

SUE (V.O.)  
I'm...

She vomits a green liquid while at the same time she says:

MONSTROELISASUE

She wipes her mouth and turns her head from right to left as  
she looks at herself in the mirror.

She's strangely calm...

As if this monstrous vision didn't scare her.

Almost fascinating her.

As if it pleased her.

As if she was TRULY seeing herself for the very first time, and finally, accepting herself.

**238 INT. LIVING ROOM - EVENING**

**238**

Facing her, through the picture window is the huge billboard:

NEW YEAR'S EVE SHOW

TONIGHT 9PM

Elisabeth lies dead on the living room floor.

Sue lies dead on the bathroom floor.

It's time.

**239 INT. BEDROOM - NIGHT**

**239**

MonstroElisaSue starts preparing herself and putting on her beautiful dress as if everything were completely fine.

The zipper that she's closing up covers Munch's face on her back that forms a hump under the fabric, the dress starts to rip all over.

She slips her foot stumps into her shoes.

She wants to put her earrings on but... she doesn't have any ears anymore.

She sticks the earrings directly into the sides of her head.

The few disheveled strands of hair that remain disintegrate under the curling iron.

She has the exact same gestures of vanity as if everything were normal which is even more weird and scary given her completely monstrous appearance.

**240 INT. LIVING ROOM - NIGHT**

**240**

Back to Monstro who is standing, scissors in hand, facing the huge frame with the photograph of her back in the days of her old show: her blue leotard and dashing smile.

She gives it a kick to get rid of the last pieces of remaining glass and cuts out the face on the poster...

**241 INT. BATHROOM - NIGHT**

**241**

...and sticks this paper face (with holes for the eyes) to her monstrous face with super glue.

She then puts lipstick on top of it to emphasize her smile while Harvey's voice echoes in her head:

HARVEY (V.O.)  
Pretty girls should always smile!

**242 EXT. NIGHT STREET (GOING TO STUDIO) - NIGHT**

**242**

We follow her from behind as she crosses town like a ghostly shadow, with her Elisabeth mask like a clown's mask covered in red lipstick.

**243 EXT. NIGHT STREET (GOING TO STUDIO) - NIGHT**

**243**

Still on Monstro's back as she walks.

OMITTED

**244 EXT. STUDIO LOT ALLEY / STUDIO DOOR- NIGHT**

**244**

We follow her from behind as she arrives in front of the studio door.

She swipes her badge over the screen that unlocks the door and finds herself standing face to face with the assistant director...

ASSISTANT DIRECTOR - NYE SHOW  
Ah, at last! We were starting to  
worry... hurry up, you're up in  
five!

**245 INT. NYE STUDIO / HALLWAY THAT LEADS TO THE SET - NIGHT**

**245**

He leads the way in towards the set as if nothing were wrong...

MonstroElisaSue walks past the staff and CREW MEMBERS who greet her with a broad smile: "AAAAAH THERE SHE IS! SO BEAUTIFUL!", "We love you!", "This is where you belong and you'll always belong here!", « We can't do without you » We could never do without you! » "You're irreplaceable!"

She smiles, dazed with her cut out face glued on and her teeth stuck all over the place.

Her eyes are filled with tears, moved by so much love.

All of a sudden a loud BEEP rings out...

**246 EXT. STUDIO LOT ALLEY / STUDIO DOOR - NIGHT**

**246**

...Bursting this completely fictitious bubble she just invented.

She's still standing in front of the studio door. Her badge has just opened the secure door.

In front of her: the long empty corridor that leads to the set...

CUT TO:

**247 INT. NEW YEAR EVE STAGE - NIGHT**

**247**

ON STAGE - LAST MOMENTS BEFORE GOING ON AIR

The group of dancers is ready on stage, awaiting her.

Harvey and the shareholders in front row seats, their eyes gleaming with excitement and expectation.

HARVEY

(proud, to the men)

You won't be disappointed. She's my most beautiful creation. I shaped her for success!

Friendly pat on the shoulder in return: Atta boy...

The live countdown starts... 5....4....3....

A figure backlit by the violent stage lights walks onto the soundstage.

2...

The figure comes to take her place in the middle of the sexy dancers.

1...

A buzz of whispers rise up... and freeze...

LIGHTS. CAMERA/ON AIR.

LIVE.

Great silence.

Monstroelisasue on the stage in the middle of the dancers.

The sound of a fly buzzing through the room.

The cameramen remain completely still.

Just like the little red dot of light.

Just like the audience.

Just like Harvey and his clique.

The dancers with feathers sticking out of their asses placed around Monstroelisasue haven't moved an inch; they glance at each other, not knowing what to do.

Monstroelisasue, her shapeless body, her cut out paper face with the red lipstick smile drawn on top of it.

The mike lets out a feedback noise.

A silent wave of shudders passes through the room.

MonstroElisaSue tries not to let herself be disconcerted and talks into the microphone as if everything were normal: (tap tap on the microphone with her mush finger)

MONSTROELISASUE  
I AM FO HAPPFY TO BE WIFF YOU  
TOFIGHT... I'FE MIFFED YOU FO  
MUFCH...

Her ridiculous half stuck on mask detaches itself... revealing her monstrous face.

A beat.

Thrrrup - a breast sticks out of the monster's eye socket and starts swinging at the end of the optic nerve...

...

The shrill, high-pitched scream of a WOMAN (WOMAN#1) suddenly interrupts this suspended moment...and right then... ALL HELL breaks loose.

COMPLETE PANIC INSIDE THE ROOM

MAN 1  
THE MONSTER!!!

MAN 2  
SHOOT THE MONSTER!!!

MAN 3  
IT'S A FREAK!!!

A MOTHER hides her DAUGHTER'S eyes (she's wearing the same mini-dress as Monstro)

The music starts up automatically and the dancers look at each other in panic, not knowing what to do... some start to take a few steps... while others make the most of this moment of confusion to run away, rushing off the set.

MonstroElisaSue looks around her and starts to panic as people's screams grow louder and louder in the room.

MONSTROELISASUE  
FDON'T BE FCARED... LET ME  
EXPFLAIN...

She tries to stop people from running but they break away while insulting her:

WOMAN #3  
FREAK!

MAN#4  
YOU FREAK!

MONSTROELISASUE  
IT'F ME...IT'F FTILL ME... I'M FE  
FSAME....(Elisabeth's face,  
embedded in the monster's back is  
speaking at the same time)

SOMEONE pushes past her and makes her fall over violently.

A spotlight turns on and shines down on her. She shades her face and eyes with her hands to prevent the blinding light from burning her eyes and dazzling her...

ELISABETH  
IT'F ME! FUE! ELIFABEFF!...  
IT'F ME!  
ME !

She gets up and tries to pick up the microphone but her hand remains glued to it and CRACK detaches itself from her wrist!

Everyone is sprayed with the blood now gushing out of her arm stump, like a snow canon.

More horrified screams rise up.

She sprays blood in every direction, like a lawn hose, while spinning around in her princess dress.

<b>248 SPLASH ON HARVEY!</b>	<b>248</b>
<b>249 SPLASH ON THE SHAREHOLDERS!</b>	<b>249</b>
<b>250 SPLASH ON THE LITTLE GIRL!</b>	<b>250</b>

New burst of terrified screams.

HARVEY  
 (to the infuriated  
 shareholders who mime  
 slitting their throats to  
 say:"you're done")  
 Let me explain!!

MONSTROELISASUE  
 (to the public)  
 LETF ME EFPLAI-

<b>251 BAM! SOMEONE KNOCKS HER OVER THE HEAD WITH THE MIC STAND.</b>	<b>251</b>
--	------------

MonstroElisaSue's head is half destroyed. A new head - a mix of Sue and Elisabeth is sticking out of the gaping hole. She leaves the set to escape the crowd's fury.

<b>252 INT. BACKSTAGE CORRIDOR - NIGHT</b>	<b>252</b>
--	------------

She runs through the corridor, the famous corridor, where she leaves an immense trail of blood, spraying the walls as she passes.

Complete carnage.

<b>253 EXT. STUDIO LOT ALLEY - NIGHT</b>	<b>253</b>
--	------------

She runs outside in agony...

<b>254 EXT. NIGHT STREET 1 - NIGHT</b>	<b>254</b>
--	------------

...wheezing more and more as she rushes into the street in a panic.

She's scared and she wants to be left alone.

She's trying to get somewhere. We can tell she knows where she's heading.

## 255 EXT. NIGHT STREET 2 - NIGHT

255

She runs through the streets as fast as she can.

Her legs dislocate and collapse underneath her.

SPLASH ! The billboards get splattered with blood as she crumples to the floor.

She tries to get up. But her body no longer really has a human form and she has neither legs nor arms to get up as her body dislocates more and more into a bloody magma mass:

MUSHOFMONSTROELIZASUE

She continues to drag herself along the sidewalk, desperately wanting to get somewhere...

Her breathing is more and more wheezy, but she doesn't give up; she continues to drag her bloody blob along the sidewalk giving everything she has to give to keep on going...

CUT TO:

## 256 EXT. WALK OF FAME SIDEWALK - NIGHT AND DAY

256

STATIC HIGH ANGLE TOP SHOT on the pink star on top of the grey slabs upon which we can read:

ELIZABETH SPARKLE

A long silent beat on the star, which seems like a moment of peace in comparison to the previous images of carnage.

We then see a piece of flesh crawling into the corner of the frame trying to drag itself over to the star.

In agony, MushofMonstroElisaSue, puts her last efforts into heaving what remains of her body onto the middle of the star.

She winds up in the middle of the star, looking up at the sky which grows more and more dazzling as if spotlights were shining right down on her.

Gold confetti starts to fall from the sky upon her like a golden rain shower...

Noises of the street and cars muffled little by little, turn into the sound of applause and grandiloquent music.

MushofMonstroElisaSue watches the confetti fall down on her monstrous face like in a dream, as if everything were disappearing around her and she were alone in the world inside this golden rain.

We can sense that she is utterly happy, as though she were thoroughly experiencing her moment of accomplishment and glory as mush on the sidewalk...

The confetti continues to fall as she dissolves more and more...

PUDDLEOFMONSTROELIZASUE

...is overwhelmed by the sound of applause... and dissolves even more until there's now only a large, bloody stain...

Which looks a lot like the splattered ketchup from the beginning.

A beat.

We hear a roaring sound, which grows louder and louder... as day breaks...

And a large street cleaning machine with black rotary brushes glides across the frame, its soapy mouth wiping clean the traces of blood on the pavement...

BLACK - over which the music from THE TRASH VERSION OF THE WORLD IS A VAMPIRE BLARES LOUDLY.
